## **Institutional Mission Statement**

“The Harrisburg University of Science and Technology [HU] offers innovative academic and research programs in science and technology that respond to local and global needs. The institution fosters a diverse community of learners, provides access and support to students who want to pursue a career in science and technology, and supports business creation and economic development.”

*Approved by the Board of Trustees: September 2015.*

## **Statement of Community Values**

### **Underlying the University’s mission are the following basic values**

- the importance of personal integrity, honesty, and ethical decision making;
- the right of every individual to be treated with respect and dignity as a member of a learning organization;
- the freedom of intellectual inquiry in the pursuit of truth, even if it defies commonly understood theories;
- the acceptance and appreciation of human diversity regarding race, gender, religion, sexual orientation, age, ability, ethnicity, and political views;
- the freedom from violence or harassment that would interfere with or disrupt university activities; and
- the recognition that civic engagement is a component of the intellectual development of a student which provides a path for knowledge and personal development in the service of the community.

## **Student Responsibility Statement**

A student has the responsibility to engage fully in assigned work, to be interactive in academic discussions, and to develop professional competencies both in the classroom and at internship sites. HU is new in both thought and ideas. The student should be a partner in this endeavor now and in the future.

It is the student’s responsibility to be engaged in HU’s community of learners and to develop a strong professional and ethical foundation as a community member. Failure to uphold HU’s rules and policies, as well as federal, state, or local laws and/or regulations, may result in disciplinary action by HU pursuant to its *Code of Student Conduct (Code)*.

# CHAPTER 1. CODE OF CONDUCT

## Purpose

The purpose of HU's *Code* is to provide a safe, inclusive, and secure environment by discouraging conduct inconsistent with the mission and standards of the institution. The *Code* is published so students are notified of prohibited behavior, as well as their rights and responsibilities during the *Code* process. The intent of the *Code's* process is to provide fair due process in determining whether a student is responsible for violating HU's rules or policies. This *Code* provides a means for students to exercise their rights and responsibilities within the *Code's* system. The *Code* also ensures the interests of the entire HU community are considered.

## Applicability

- A. The *Code* applies to the on-campus conduct of all students. The *Code* also applies to off-campus conduct of students that, in HU's judgment, involves or affects HU or other members of its community, including, but not limited to, conduct in connection with:
  - 1. Academic work or other HU-related educational activities and experiences, such as class projects, field trips, internships, studies abroad, or experiential learning courses;
  - 2. Activities sponsored, conducted, or authorized by HU or its student organizations;
  - 3. Activities that cause or threaten to harm the health, safety, well-being, or property of HU or members of its community, including the student him or herself; or
  - 4. Activities that unreasonably disturb the peace and privacy of the student's neighbors when living off-campus.
- B. The *Code* applies to conduct by a student:
  - 1. If the student is enrolled and actively taking course(s); or
  - 2. If the student is enrolled and conduct occurs outside of an academic term; or
  - 3. If the conduct occurred when the student is not otherwise enrolled at HU but still registered as a student; or
  - 4. If the conduct occurred while the student was enrolled, but HU does not learn of the conduct until after the student graduates, withdraws, takes leave, or is otherwise absent from the University.
- C. Students also continue to be subject to federal, state, and local laws/regulations while at HU. While those laws/regulations are separate and independent from the *Code* and impose different evidentiary standards, violations of them may also constitute violations of the *Code*. In these instances, HU may act under the *Code* independent of any other legal proceeding involving the same conduct and may impose consequences for violation of

the *Code* even if such other proceeding is not yet resolved or is resolved in the student's favor.

### **Authority for Student Conduct**

- A. HU's Provost/Vice President of Academic Affairs (Provost) has final authority over any student conduct issue and may take immediate and/or interim action at her/his discretion for any violation of HU's policies or procedures. Action taken by the Provost, unless otherwise indicated, is final.
- B. In most circumstances, authority of *Code* matters has been delegated by the Provost to the Director of Student Services (Director), who will exercise it consistent with these procedures.
- C. The Provost, or the Provost's Designee (Designee), has the authority to take immediate, necessary, and appropriate action to protect the health, safety, and well-being of an individual and/or the HU community. The Provost or Designee, may take interim actions, including but not limited to, evicting a student from HU housing, restricting a student's access to and movement about the campus, and/or suspending a student from HU whenever the continued presence of the student is deemed to pose a serious threat to her/himself or to others or to the stability and continuance of normal HU functions. The interim action(s) shall become effective immediately upon delivery of written notification to the student or his/her designee. A meeting as prescribed by the *Code* will be granted as soon as practical.
- D. The Office of Student Services, with direction and guidance from the Provost, is responsible for administering the *Code* and ensures that all *Code* proceedings are carried out in accordance with HU policies and procedures.
- E. Action under the *Code* may be pursued for any violation by a student, whether on or off campus, of HU policy, or if charged with a crime by law enforcement under federal, state, or local laws, the nature of which potentially affects HU's community and/or is inconsistent with its expectations for students.

### **Prohibited Conduct**

The following are examples of prohibited behaviors and activities which may result in action against a student pursuant to this *Code*. The attempt or commission of these acts, the condoning, supporting, or encouraging of others in the attempt or commission of these acts, or the failure to prevent one's guests from attempting or committing these acts may be treated as violations of this *Code*.

CCV.A - Alcohol<sup>1</sup>: The use, abuse, possession, or distribution of alcohol, except as permitted by law and HU policy. This includes, but is not limited to:

---

<sup>1</sup> See *Appendix 4 Drug and Alcohol Abuse Prevention Program* for additional information regarding HU's policies and resources for preventing drug and alcohol abuse

CCV.A.1 – Possession:- Possession of alcoholic beverages on any HU controlled properties.

CCV.A.1.a – Underage Possession: Possession of alcohol by persons under 21 years of age.

CCV.A.1.b – Common Source Possession: Possession of common source alcohol containers, whether full or empty, including but not limited to kegs, beer balls, or boxed wine.

CCV.A.2 – Consumption: Consumption of alcoholic beverages, including:

CCV.A.2.a – Underage Consumption: Consumption of alcoholic beverages by persons under 21 years of age;

CCV.A.2.b – Public Consumption: Consumption of alcoholic beverages by persons 21 years of age or older in any public HU area, unless it is an official HU approved event or HU venue licensed to serve alcohol.

CCV.A.3 – Intoxication: Intoxication by any person, regardless of age.

CCV.A.4 – Unlawful Distribution: Sale, distribution, provision, or attempts to sell, distribute, or provide alcoholic beverages to anyone under 21 years of age. This also applies to those hosting social gatherings where alcohol is available for consumption to persons under the age of 21.

CCV.B - Complicity: Being present or otherwise involved in a way that condones, supports, or encourages any acts which violate this *Code*. Students who observe acts in violation of this *Code* are expected to remove themselves from the area/situation and are encouraged to report the matter.

CCV.C - Computer-related Violations: Use of computers or related technical equipment and or technical services or time for unethical, illegal, or harmful activities. Any violation of HU's computer usage policy constitutes a violation of the *Code*.

CCV.D - Damage to or Misuse of Property:

CCV.D.1 – Damage/Defacement: Damaging or defacing HU property or the property of others.

CCV.D.2 – Unauthorized Access: Unauthorized entry or access into HU property or the property of others.

CCV.D.3 – Unauthorized Use: Unauthorized use or misuse of HU property or the property of others.

CCV.E - Dangerous Conduct: Intentionally or carelessly engaging in conduct that threatens or endangers the health or safety, or causes physical harm to any person, including the violator. This includes, but is not limited to:

CCV.E.1 - Harmful Contact: Intentionally or carelessly causing bodily harm to a person or engaging in harmful physical contact that would likely have caused bodily harm despite the lack of any measurable harm.

CCV.E.2 – Threatening: Placing a person in fear of imminent physical danger or bodily harm.

CCV.E.3 - Reckless Behavior: Engaging in reckless behavior that creates a potentially unsafe situation for any member of the community.

CCV.F - Dangerous Items: The use, possession, or storage of any firearms, knives, explosives, other weapons (including but not limited to martial arts), fireworks, or dangerous chemicals; or use, possession, or storage of any items perceived as firearms, explosives, other weapons, or dangerous chemicals. This includes, but is not limited to:

CCV.F.1 – Firearms/Ammunition: Firearms and ammunition to include any gun, rifle, pistol, or handgun, including any homemade device, designed to fire bullets, BBs, pellets, or shots (including paint balls), regardless of the propellant and projectile used.

CCV.F.2 – Explosives/Fireworks: Explosives and fireworks including, but not limited to, firecrackers, cherry bombs, smoke bombs, black powder, and similar devices.

CCV.F.3 – Weapons: Weapons are any instrument of combat, or any object not designed as an instrument of combat but carried or used for the purpose of inflicting or threatening bodily injury or damaging/destroying HU property or the property of others.

CCV.F.4 – Hazardous Materials/Chemicals: Unauthorized hazardous materials or chemicals.

CCV.G - Disorderly Conduct: Acting in a manner which annoys, disturbs, interferes with, obstructs, or is offensive to another/others. This includes, but it is not limited to:

CCV.G.1 – Disturbance: Shouting or making excessive noise either inside or outside HU or an HU controlled building to the disturbance of others.

CCV.G.2 – Verbal Abuse: Verbally abusing or disregarding HU officials (including students appointed to act as representatives of HU) in the performance of their duties.

CCV.G.3 – Lewdness: Behaving in a lewd or indecent manner.

CCV.G.4 – Disruptive Incitement: Engaging in, leading, or inciting others to act in a way that is disruptive to the HU community.

CCV.H - Drugs<sup>2</sup>: The use, possession, and/or distribution of any drug and/or drug paraphernalia. Drugs include any controlled substances as defined by law, including those without a valid prescription, and/or other recreational substances, including anything deemed by law enforcement as “street drugs.” HU does not permit marijuana for any purpose; students

---

<sup>2</sup> See *Appendix 4 Drug and Alcohol Abuse Prevention Program* for additional information regarding HU’s policies and resources for preventing drug and alcohol abuse

who qualify under local law to use marijuana for medical purposes may not possess, store, use, or share marijuana on HU-owned or controlled property or during HU-sponsored events. This includes but is not limited to:

CCV.H.1 – Possession of Paraphernalia: Possession of paraphernalia includes any item typically used to inhale/ingest/inject/mask drugs, regardless of whether the item has been used for illegal purposes.

CCV.H.2 – Possession: Possession of drugs without a valid prescription.

CCV.H.3 – Use: Use of drugs without a valid prescription.

CCV.H.4 – Distribution: Distribution (any form of exchange, gift, transfer, or sale) of drugs.

CCV.H.5 – Manufacture: Manufacturing of drugs.

CCV.I - Gambling: Participation in any form of illegal gambling as defined by federal, state, or local law.

CCV.J - Harassment: Any actions, threats, gestures, images, sounds, and/or words directed toward another person using any medium which have the purpose or which tend to incite a disturbance of the peace, create a hostile environment, or cause emotional distress to that person because of the humiliating, degrading, intimidating, insulting, coercive, ridiculing, and/or alarming nature of the conduct. It may, but not always, involve a pattern of conduct.

CCV.K - Hazing<sup>3</sup>

CCV.L – Interfering with Fire Safety: – Any action that threatens the safety of an individual, HU community, or HU facility regarding fire safety.

CCV.L.1 – Fire Safety Equipment Violation: Misusing, tampering, or damaging fire safety equipment including, but not limited to, fire extinguishers, smoke alarms, sprinkler systems, cameras, exit signs, etc.

CCV.L.2 – Unauthorized Burning: Unauthorized burning of any material in any HU classroom that is not done under faculty supervision, in HU controlled buildings, on HU property, or on areas adjacent to HU property.

CCV.L.3 – Disregarding Fire Emergency: Disregarding a fire alarm signal, refusing to evacuate a building or a section of a building or failing to adhere to the directions of HU and/or First Responder personnel when a fire alarm is sounding.

CCV.L.4 – False Activation: Recklessly or intentionally activating an alarm when an emergency does not exist.

CCV.M - Interfering with HU Events: Interfering with any HU or HU-sponsored events, including but not limited to studying, teaching, research, public programs, HU sponsored social

programs, clubs, sports, ceremonies, and HU's administration of fire, police, or emergency services.

CCV.N - Non-academic Dishonesty:

CCV.N.1 – False Information: Knowingly furnishing false information to HU or a member of its community, for purposes including but not limited to, gaining admission to HU or at HU *Code* proceedings.

CCV.N.2 – Forgery/Alteration: Forgery, misuse, unauthorized alteration and/or creation of documents, records, HU identification cards, keys, or other objects.

CCV.N.3 – Possession: Possession or use of false identification cards issued by an entity other than the HU.

CCV.N.4 – Deception: Deception, through act or omission, committed against a member of the campus community or others.

CCV.N.5 – False Reporting: Knowingly initiating or causing to be initiated any false report, warning or threat.

CCV.O - Non-compliance: Failure to comply with reasonable directives of HU officials, including students appointed to act as its representatives in performance of their duties. Directives to provide identification and/or participate in a HU *Code* process are included in the scope of this provision.

CCV.P - Retaliation: A materially adverse action taken against an individual for having engaged in protected activities that is sufficiently severe or pervasive to potentially deter a reasonable person from engaging in the protected activities. Protected activities are reporting an incident of misconduct or for participating, in any manner, in an investigation or procedure related to a report of misconduct. Examples of retaliation include but are not limited to terminating someone's employment; reducing a grade; removing someone from an organization; direct or indirect intimidation, threats, coercion or harassment; or other forms of discrimination.

CCV.Q - Sanction Violation: Violating the terms of any imposed *Code* sanction including the failure to complete sanctions by the stated deadline.

CCV.R - Sexual Misconduct<sup>4</sup>

CCV.S - Smoking/Tobacco Use: Smoking, vaping, or chewing tobacco in a building or vehicle that is owned, operated, or leased by HU, or within 25 feet of an entrance or window of any such building or vehicle. This includes parking garages located within an HU building but not operated by HU.

---

<sup>4</sup> HU's *Sexual Misconduct Policy* is contained in Chapter 3 of this Handbook. The complaint resolution procedures for a violation of HU's *Sexual Misconduct Policy* comply specifically with Title IX reporting obligations.

CCV.T - Solicitation: Unauthorized solicitation, sale, or promotion of any goods or services in University owned or operated property, including residence halls, or at HU-sponsored events.

CCV.U - Theft/Unauthorized Possession of Property

CCV.U.1 – Theft: Theft of property, services, or possession of stolen property.

CCV.U.2 – Unauthorized Possession: Unauthorized possession of University property (including residence hall lounge furniture) or the property of others.

CCV.V - Violation of Law: Being charged with a violation of federal, state, or local laws or regulations by a court or magistrate, regardless of whether the charge is substantiated.

## Student Conduct System & Procedures<sup>5</sup>

These guidelines contain a student's rights and responsibilities during the *Code* process. This *Code* does not, nor is it intended to, afford the specificity or the due process rights of criminal or civil statutes or procedures.

### A. Case Referrals

1. Any person may refer a student suspected of violating this *Code* to HU's Office of Student Services. All referrals are reviewed to determine the appropriate student conduct or administrative action to be taken in accordance with this *Code* including, if there is insufficient evidence to support formal action or a determination that no formal action is warranted.
2. When possible, referrals should be made within a reasonable timeframe after the alleged incident (or after the latest alleged incident in cases of harassment or where there is a succession of documented incidents). A proceeding under the *Code* may be pursued after considering the amount of time that has passed since the alleged incident and whether there is enough information available to substantiate the reported behavior.
3. Administrative action, in lieu of formal student conduct action, may be taken at the discretion by the administration at HU, in an appropriate, consistent, and reasonable manner, to address student behavior.
4. The Office of Student Services accepts anonymous referrals. However, its ability to investigate anonymous allegations may be severely hampered.

### B. Student Conduct Proceedings

1. A student potentially subject to formal sanctions other than eviction from a residence, suspension, or expulsion, is entitled to a **conference**, which will

---

<sup>5</sup> Any individual requiring an accommodation under the Americans with Disabilities Act (ADA) in order to fully participate in any aspect of this policy should contact Accessibility Services.

normally consist of an informal meeting between the student responding to the allegations (respondent) and an Administrator for the Office of Student Services.

2. A respondent potentially subject to eviction from a residence, suspension, or expulsion from HU is entitled to a **hearing**, which will normally consist of a formal meeting between the respondent and the Director of Student Services or the Director of Student Services' Designee.
3. Allegations of sexual offenses will be resolved under the procedures set forth in the *Sexual Misconduct Policy*, Chapter 3.
4. A respondent who accepts responsibility for violations of this *Code* (prior to a conference or hearing) may meet with the Director of Student Services, or Director of Student Services' Designee, to determine an appropriate sanction(s), in lieu of attending a conference or hearing. This acceptance must be in writing, affirming acceptance of responsibility for the charge(s), and acknowledging that the full range of sanctions may be imposed.

### ***C. Guidelines for Student Conduct Proceedings***

The following procedural guidelines are applicable in HU student conduct proceedings. Formal rules of process, procedure, and technical rules of evidence, such as applied in criminal or civil court, are not used in student conduct proceedings. Deviations from *Code* procedures shall not necessarily invalidate a decision, unless there is significant prejudice to a respondent, complainant, or HU. If significant prejudice is determined to have occurred in the sole discretion of HU, the *Code* process will be repeated. Cases of sexual offenses will be resolved under the policies and procedures set forth in the *Sexual Misconduct Policy*, Chapter 3.

1. The respondent shall receive advanced written notification of the specific charges and the date, time, and location of the scheduled proceeding. Notice will be delivered by email to a respondent's HU's email account and mailed US first class mail or discreetly hand-delivered letter to a respondent's university residence. If a respondent commutes, written notification will be by email delivery to a respondent's HU email account and US first class mail to a respondent's home residence. Receipt under any of these methods is acceptable notice under the *Code*. The Notice shall contain the rights and responsibilities of the respondent or a link where that information is located.
2. The respondent may request a reasonable extension of time to prepare for the proceeding. A request for an extension will not be granted for a period to exceed two business days except in unusual circumstances when the respondent can demonstrate the necessity for a longer delay. All requests for an extension of time are to be made in writing at least one **business** day prior to the scheduled proceeding, except in cases of documented serious illness or emergency. Extension requests can be submitted by email to the Director of Student Services.

3. The respondent shall be given reasonable access to review the case file during the proceeding. "Case file" means the file containing those materials pursuant to the Family Educational Rights and Privacy Act (FERPA) of 1974. In some cases, FERPA may dictate the redaction of specific types of information. If additional information becomes available and is relevant, it will be discussed and reviewed at the proceeding. The notes of HU staff members and investigators are not included in the case file and are not accessible. Names and other information of students may also be redacted in the incident report as appropriate for confidentiality.
4. The respondent shall have the opportunity to provide additional and relevant information that is not contained within the incident report for consideration during the proceeding.
5. The respondent may provide the names of witnesses from the HU community who have relevant and material information pertaining to the incident. Character witnesses will be excluded.
6. Proceedings will be closed to non-participants and to the public, including friends and HU personnel without an official interest in the case. To ensure the integrity of the process, witnesses, other than the complainant, may only be present in the proceeding when giving their statements and leave thereafter unless otherwise instructed.
7. A respondent may be accompanied by one advisor. The role of the advisor is limited to support and consultation; the advisor may not speak during any *Code* proceeding except privately to the respondent, nor shall the advisor question or address witnesses, the Director of Student Services or the Director's Designee. Violation of this expectation will result in the advisor being removed from the proceeding at the discretion of the Director of Student Services or the Director's Designee. Because of the limited role of an advisor, and HU's interest to expeditiously conclude the matter, a proceeding will not normally be delayed if an advisor is unavailable.
8. During the proceeding, the respondent shall have the opportunity to respond to the information of the alleged *Code* violation.
9. Prior disciplinary records may not be considered during the proceeding unless the conduct was founded, the appeal period of the prior violation has expired, and/or the records act as evidence supporting a pattern of behavior.
10. Information or testimony that does not directly relate to the *Code* violation, but instead reflects upon the character, reputation, personality, qualities, or habits of the respondent should not be presented and, if offered, may be excluded.
11. A respondent who fails to appear at a scheduled proceeding without good cause (e.g. documented serious illness) after receiving proper notice, may be adjudicated in absentia, and forfeits all rights to an appeal unless it is for lack of proper notice, as defined by this *Code*. Should a respondent fail to appear and not provide good

cause for failing to do so, administration will make a determination based solely on information available or information presented during the proceeding.

12. Proceeding outcomes must be supported by a preponderance of evidence. Preponderance of evidence means that a greater weight of evidence supports the conclusion that a fact is true, or to establish that an event occurred. A preponderance of the evidence does not necessarily mean the greater *amount* of evidence, but rather the greater quality of evidence, making it more likely than not the matter in question is true. This standard of evidence is often called “50 percent plus a feather”.
13. A respondent may be found responsible for any prohibited conduct (including sections of the *Code* for which he or she was not originally charged) when behaviors that were previously unknown are discovered during the *Code* proceeding or if it is determined that a different section of the *Code* more appropriately addresses the conduct in question and if the respondent has been appropriately notified of the charges and given the opportunity to respond.
14. The outcome of the proceeding shall be conveyed to the respondent in writing and will include a notice of appeal.

### **Sanctions**

- A. The imposition of sanctions is determined by the nature of the violation and the severity of any damage, injury, or harm resulting from it; any previous disciplinary record; and rehabilitative potential.
- B. In some cases, a sanction may be held in abeyance for a specific period. This means that, should the respondent be found in violation of the *Code* during the stated period, he or she may be subject to the deferred sanction in addition to any sanction appropriate to the new violation.
- C. Imposed sanctions in accordance with this *Code* include:

CCVS.A - *Censure*: An official written reprimand for violation of specified regulations.

CCVS.B - *Disciplinary Probation*: A period in which a student is expected to demonstrate positive behavioral change and be potentially excluded from participation in privileged or extracurricular HU activities. Additional restrictions or conditions for behavioral changes may be imposed. Violations of any term of a *Code* probation, or any additional violation of this *Code* during the period of disciplinary probation, may result in eviction from an HU residence and/or suspension, or expulsion from HU. A respondent on disciplinary probation is not in good disciplinary standing with HU.

CCVS.C - *Restitution*: Repayment to HU or to an affected party for damages resulting from a violation of this *Code*.

CCVS.D - *Denial of Access to Specific Areas*: A respondent can be banned from certain non-academic area(s) for a specified length of time.

CCVS.E - *Eviction from Residence*: Termination of the residence hall agreement and exclusion from visiting within certain or all HU residential facilities, as set forth in the notice of eviction, for a specified period or permanently. A respondent who is evicted is not entitled to a refund of room fees. A respondent who is a freshman or sophomore and is evicted from residence is unable to fulfill residency requirements and may be suspended, upon review.

CCVS.F - *Revocation of Privileges*: Restrictions placed on activities and/or use of HU services and facilities for a specified period or permanently.

CCVS.G - *Suspension*: Exclusion from classes and other privileges or activities, including access to HU premises or HU-sponsored activities off campus, as set forth in the notice of suspension, for at least one semester. A respondent who is suspended is not entitled to any tuition or fee refund and is banned from HU premises for the duration of the suspension.

CCVS.H - *Expulsion*: Termination of student status, and exclusion from HU premises, privileges, and activities. A respondent who is expelled shall not be entitled to any tuition or fee refund and is banned from HU premises permanently. A sanction of expulsion will be reflected in a respondent's transcript.

CCVS.I - *Discretionary Sanctions*: Other sanctions that bear a reasonable relation to the violation for which the student has been sanctioned may be imposed instead of, or in addition to, those specified above. Discretionary sanctions include, but are not limited to, service hours, fines, educational reflection assignments, participation in alcohol or drug awareness programs and trainings, and counseling and education regarding sexual assault and misconduct.

## Appeals

The outcome of a *Code* proceeding may be appealed subject to the following guidelines:

- A. A letter of appeal must be submitted to the Office of Student Services by the respondent within three business days of receipt of the outcome of the *Code* proceeding.
- B. A respondent adjudicated in absentia forfeits all rights to an appeal process unless it is proven that it is for lack of proper notice, except in an extraordinary circumstance.
- C. The appeal must specify grounds that would justify consideration. **General dissatisfaction with the outcome of the student conduct proceeding or an appeal for mercy are not appropriate grounds for appeal.** The written appeal must specifically address at least one of the following criteria:
  1. Significant procedural error that changes the findings of fact of the student conduct proceeding.

2. New evidence that significantly alters the findings of fact, **that was previously unknown to the respondent**, has been discovered and is available during the appeal process.
- D. For matters resulting in eviction, suspension, or expulsion, the Provost will review and determine the outcome of the appeal. For all other matters, the Director of Student Services (or Designee) will review and determine the outcome of the appeal.
  - E. Only one appeal is permitted, unless circumstances dictate that the entire hearing process be repeated to avoid prejudice or bias. An appeal decision is final and shall be conveyed in writing to the respondent.
  - F. The imposition of sanctions may be deferred while the appeal process is pending unless, in the discretion of the Director of Student Services, the continued presence of the respondent on the campus poses a serious threat to her/himself or to others, HU property, or to the stability and continuance of normal HU functions.

### **Student Conduct Files and Record Retention**

The files of respondents found responsible for any prohibited conduct will normally be retained as a student conduct record in the Office of Student Services, under the authority of the Provost. HU officials with a legitimate educational interest may use the record as a reference; however, the record will be retained for no more than five calendar years from the respondent's separation date from HU.

## CHAPTER 2. ACADEMIC CONDUCT

### Introduction

Academic dishonesty, to include cheating, plagiarism, and fabrication, undermines the learning experience. It is deceptive and consequently corrosive to HU's intellectual principles and ethical standards.

This *Code of Student Academic Conduct (Academic Code)* sets forth the standards of academic integrity and honesty which student members of our academic community are expected to follow. HU faculty are also bound to adhere to the strictest standards of academic integrity and honesty.

This *Academic Code* sets forth a system to enforce these standards, including the application of sanctions for substantiated violations.

All students and courses, whether face-to-face or online, must adhere to the academic integrity standards of HU. Failure to uphold HU expectations regarding academic behavior may result in student conduct action by HU under the authority of this *Academic Code*.

### Applicability

- A. This *Academic Code* applies to all students.
- B. This *Academic Code* supersedes all other previous statements on academic dishonesty published or appearing anywhere.
- C. This *Academic Code* applies to all academic conduct in the broadest sense, including submitted drafts and final coursework, research, comprehensive examinations, internships, and the preparation of theses or dissertations.
- D. Sanctions for violations of this *Academic Code* may include the revocation of a previously awarded degree, certificate, or award. Sanctions under the Academic Code are applied whenever a determination is made that a violation has occurred.
- E. Confidentiality shall be observed in all proceedings under this *Academic Code*, to the extent possible, except where otherwise specifically provided.

### Authority

- A. Faculty members have the initial responsibility for initiating the procedures provided in this *Academic Code*. The term "faculty member" includes any individual or committee with responsibility for a class, project, or activity. Other HU employees, such as teaching assistants and tutors, are expected to bring any suspected cases of academic dishonesty to the attention of the responsible faculty member who will proceed in accordance with the procedures stated in this *Academic Code*.

- B. The Office of Student Services will maintain a conduct file, which will include incidents of academic dishonesty that have been reported by faculty in accordance with this *Academic Code*.
- C. If information is received by a member of HU's community alleging that a graduate of HU engaged in academic dishonesty at the time he or she was a registered student but the alleged dishonesty was discovered after graduation, the information shall be brought to the attention of the Office of Student Services, who shall determine the procedures to follow and the appropriate sanction.

### **Prohibited Conduct**

The following are the major categories of academic dishonesty:

ACV.A – Cheating: Cheating is the act of deceiving, which includes such acts as receiving or communicating information from another individual or source during an examination, looking at another's examination (during the exam), using notes when prohibited during examinations, using electronic equipment to receive or communicate information during examinations, using any unauthorized electronic equipment during examinations, obtaining information about the questions or answers for an examination prior to the administering of the examination, or whatever else is deemed contrary to the rules of fairness, including special rules designated by the professor in the course.

ACV.B – Fabrication: Fabrication is the act of artificially contriving or making up material, data, or other information and submitting it as fact.

ACV.C - Plagiarism is the act of presenting the work or methodology of another as if it were one's own material. It includes quoting, paraphrasing, summarizing, or utilizing the published work of others without proper acknowledgment, and where appropriate, with quotation marks. Most frequently, it involves the unacknowledged use of published books or articles in periodicals, magazines, newspapers, and electronic media. However, any unacknowledged use of another's words, ideas, or electronic processes constitutes plagiarism, including the use of papers written by other students, oral presentations, interviews, radio or TV broadcasts, any published or unpublished materials (including Web-based materials, letters, pamphlets, leaflets, notes or other electronic or print documents), and any unauthorized or inadequately credited use of foreign language, scientific and/or mathematical calculation and/or modeling programs or online services.

ACV.D – Self-plagiarism: Improper use of one's own work is the unauthorized act of submitting work for a course that includes work done for previous courses and/or projects as though the work in question were newly done for the present course/project.

ACV.E - Attempts to engage in any of the conduct described above or the facilitation of any of this conduct by another individual will be treated as conduct constituting academic dishonesty under the *Academic Code*.

## Academic Conduct System & Procedures<sup>6</sup>

- A. When a faculty member suspects that an incident of academic dishonesty has occurred, the faculty member should communicate with the respondent<sup>7</sup> in writing and promptly arrange a conference with the respondent to discuss the matter. The faculty member may consult with the Office of Student Services and/or the program lead (where applicable) on the issues involved. No one should discuss prior academic or disciplinary infractions of the respondent with the faculty member. At the conference, the faculty member will inform the respondent of his or her concerns, and the respondent will be given the opportunity to present his or her version of the facts. No counsel (e.g., parents/guardians, lawyers) will be present at this conference.
- B. Once an allegation of suspected academic dishonesty has been communicated to the respondent, the respondent may not withdraw from the course or academic project in question.
- C. After an academic conference, or if the respondent does not respond in a timely fashion to the offer to confer one with the faculty member, the faculty member may conduct further investigation regarding the matter as the faculty member deems appropriate. Based on the facts, the faculty member will decide whether an act of academic dishonesty has taken place.
- D. Faculty will use the preponderance of evidence standard in the investigation. A preponderance of evidence means it is more likely than not that a violation of the policy occurred. This standard is often referred to as “50 percent plus a feather”.
- E. If the faculty member concludes that the respondent more likely than not committed an act of academic dishonesty and consequently imposes a sanction, the faculty member will make a written record of the disposition of the matter, including the facts on which he or she relied. The faculty member will communicate this decision to the respondent and to the Office of Student Services to be recorded in the respondent’s conduct file.
- F. Upon receiving the faculty member's decision, the Director of Student Services or designee may decide to increase the sanction. This decision may be based on the existence of prior conduct violations. The Director shall prepare a written decision, which states the Director's conclusions and the facts upon which the Director relied. The respondent shall be informed in writing in a timely fashion of the decision.

---

<sup>6</sup> Any individual requiring an accommodation under the Americans with Disabilities Act (ADA) in order to fully participate in any aspect of this policy should contact Accessibility Services.

<sup>7</sup> Respondent will be used interchangeably with student and refers to a student that has allegedly committed an academic conduct violation

## **Sanctions**

Initial sanctions for academic dishonesty are imposed by the faculty member. Additional sanctions may be imposed by the Director of Student Services or designee consistent with the *Student Code of Conduct*. Faculty may impose the following sanctions or a combination thereof:

ACVS.1 - *Revision and resubmission of an assignment*: Respondent is permitted to revise and resubmit the assignment, but with written record of the violation of conduct.

ACVS.2 - *Educational assignment or reflection assignment*: Respondent is responsible for completion of an educational or reflective assignment.

ACVS.3 - *Remedial training and assessment*: Respondent is responsible for the completion of an online training module offered through the Office of Student Services;

ACVS.4 – *Zero (0) Grade*: Assignment of a grade of zero (0) for the assignment, test, quiz, presentation, etc.; and/or

ACVS.5 - *Failure of course*: The student will be administratively withdrawn from the course with a grade of an "WF".

## **Appeals**

### ***A. Requests for Appeal***

1. A respondent may appeal a determination that an act of academic dishonesty occurred by filing a request for a review of that finding. No appeal is permissible against the sanction only.
2. The respondent shall file a request for review within three (3) business days of receiving the written notification of the sanction. The request for review shall be submitted in writing to the Office of Student Services.
3. If the respondent does not request a review within the specified period, the decision of the Faculty Member shall be final.
4. The Office of Student Services receiving the request for review will proceed in accordance with the provisions below.

### ***B. Appeal Procedures***

Upon receipt of an appeal of a decision made by a faculty member, the Office of Student Services will have the options of:

1. Affirming the faculty member's decision without the need for a hearing if the appeal is judged to be frivolous or without merit; or

2. Referring the matter to HU's Academic Dishonesty Appeal Committee to hear the appeal.

In either case, the Director of Student Services shall send a written notification to the respondent.

### ***C. Referral to the Academic Dishonesty Appeal Committee***

If the appeal is referred, the Academic Dishonesty Appeal Committee (committee) shall render a final decision on the matter. The members of the committee shall be composed of two faculty members and one student. The student must be in good academic standing and trained by an HU staff member on relevant issues of confidentiality. A representative of the Office of Student Services will structure the committee and handle communications but will not participate in the determination. All documentation, including the written determination and relevant information from the respondent's conduct file shall be made available to members of the Academic Dishonesty Appeal Committee.

The Procedures for the operation of the Academic Dishonesty Appeal Committee shall be as follows.

1. The committee shall ensure that the respondent receives advanced written notification of the date, time, and location of the scheduled proceeding. Notice will be by email delivered to a respondent's HU email. The Notice shall contain the rights and responsibilities of the respondent or a link where that information is located.
2. The Notice shall inform the respondent of the ability to present a defense through written memoranda, oral presentations, and witnesses. The committee shall consider all requests for witnesses and shall invite only those that it deems relevant to the investigation-to appear before the committee.
3. Copies of all written material that are intended to be submitted for purposes of the appeal shall be provided to the committee at least twenty-four hours prior to the hearing. The Notice shall inform the respondent of who should be the recipient of these materials and in what medium the materials should be submitted.
4. No persons other than the committee, the respondent, or any witnesses that the committee judges to be relevant, shall be admitted to any meeting of the committee. Legal Counsel for the respondent shall not be admitted at any of the meetings of the appeal committee. To ensure the integrity of the appeal process, witnesses, other than the respondent, may only be present in the proceeding when providing their statements and must leave thereafter unless otherwise instructed.
5. A respondent may be accompanied by one advisor. The role of the advisor is limited to support and consultation; the advisor may not speak during any *Academic Code* appeal proceeding except privately to the respondent, nor shall the advisor question or address witnesses, or the committee. Violation of this expectation will result in the advisor being removed from the proceeding at the discretion of the committee.

Because of the limited role of an advisor, and HU's interest to expeditiously conclude the matter, a proceeding will not normally be delayed if an advisor is unavailable.

6. During the proceeding, the respondent shall have the opportunity to present and respond to the information of the alleged *Academic Code* violation.
7. Prior academic infractions may not be considered during the proceeding unless the conduct was founded, the appeal period of the prior violation has expired, and/or the records act as evidence supporting a pattern of behavior.
8. Information or testimony that does not directly relate to the *Academic Code* violation, but instead reflects upon the character, reputation, personality, qualities or habits of the respondent should not be presented and, if offered, may be excluded.
9. A respondent who fails to appear at a scheduled proceeding without good cause (e.g. documented serious illness), after receiving proper notice, may be adjudicated in absentia unless it is for lack of proper notice, as defined by this *Academic Code*. Should a respondent fail to appear and not provide good cause for failing to do so, a determination will be made by HU based solely on information available or information presented during the proceeding.
10. Findings must be supported by a preponderance of evidence. Preponderance of evidence means that a greater weight of evidence supports the conclusion that a fact is true, or to establish that an event occurred. A preponderance of the evidence does not necessarily mean the greater *amount* of evidence, but rather the greater quality of evidence, making it more likely than not the matter in question is true.
11. A respondent may be found responsible for any prohibited conduct (including sections of the *Academic Code* for which he or she was not originally charged) when previously unknown behaviors are discovered during the proceeding or if it is determined that a different section of the *Academic Code* more appropriately addresses the conduct in question and if the respondent has been appropriately notified of the charges and given the opportunity to respond.
12. The Appeal Committee shall issue a decision, which will be communicated in writing promptly to the respondent and the Faculty Member. That decision will:
  - i. Affirm the determination of academic dishonesty and the imposed sanction;  
or
  - ii. Affirm the determination of academic dishonesty, but modify the imposed sanction; or
  - iii. Reject the determination of academic dishonesty and set aside any sanction.
13. A brief statement of the reasons for the Appeal Committee's decision is to be sent to the Director of Student Services, and a copy of that statement will be retained as

part of the record of the hearing. The respondent's conduct record will be entered or modified as necessary.

The appeal decision of the Appeal Committee is final.

### **Student Academic Conduct Files and Record Retention**

The files of respondents found responsible for any prohibited conduct will normally be retained as a student conduct record in the Office of Student Services, under the authority of the Provost. HU officials with a legitimate educational interest may use the record as a reference; however, the record will be retained for no more than five calendar years from the respondent's separation date from HU.

## **CHAPTER 3. SEXUAL MISCONDUCT POLICY**

### **Purpose**

Harrisburg University of Science and Technology (HU) is committed to maintaining a safe and healthy educational and work environment in which no member of the HU community is, on the basis of sex, excluded from participation in, denied the benefits of, or subjected to discrimination in any HU program or activity. Gender-based discrimination and sexual harassment, including sexual violence, are forms of sex discrimination in that they deny or limit an individual's ability to participate in or benefit from HU programs or activities.

HU's Sexual Misconduct Policy (Policy) is designed to ensure a safe and non-discriminatory educational and work environment and to meet HU's legal requirements, including: Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex in HU's programs or activities; relevant sections of the Violence Against Women Reauthorization Act; Title VII of the Civil Rights Act of 1964, which prohibits discrimination on the basis of sex in employment; and Pennsylvania laws that prohibit discrimination on the basis of sex.

It is the policy of HU to provide educational, preventative training programs regarding sexual or gender-based harassment; to encourage the reporting of incidents; to prevent incidents of sexual and gender-based harassment from denying or limiting an individual's ability to participate in or benefit from HU's programs; to make available timely services for those who have been affected by discrimination; and to provide prompt and equitable methods of investigation and resolution to stop discrimination, remedy any harm, and prevent its recurrence. Violations of these standards may result in the imposition of sanctions up to, and including, termination, dismissal, or expulsion, as determined by the appropriate HU officials.

Retaliation against an individual for raising an allegation of sexual or gender-based harassment, for cooperating in an investigation of such a complaint, or for opposing discriminatory practices is prohibited. Submitting a complaint that is not in good faith or providing false or misleading information in any investigation of complaints is also prohibited.

### **Definitions**

The terms and definitions used here are important components of HU's policy. The definitions are intended to give meaning to these terms in the context of the HU community. Criminal and other applicable state laws may use different definitions and are inapplicable to this policy.

#### ***Advisor***

An advisor is a support person who may be present to provide support to a complainant or respondent throughout on investigation and/or hearing. An advisor may not also serve as a witness in the same matter.

### ***Complainant***

A complainant is the person who reports a concern and/or who has been impacted by an alleged policy violation or is the person who has been the recipient of a violation of this policy. When used in this policy, complainant, in most circumstances, references the individual who is the recipient of the sexual misconduct. A complainant can be a student or employee.

### ***Confidential Employee***

A confidential employee is:

Any HU employee who is a licensed medical, clinical, or mental-health professional (e.g., physicians, nurses, physicians' assistants, psychologists, psychiatrists, professional counselors, and social workers, and those performing services under their supervision), when acting in that professional role in the provision of services to a patient who is a HU student ("health care providers"), and

Any HU employee providing administrative, operational, and/or related support for such health care providers in the performance of such services.

### ***Consent***

Consent represents the cornerstone of respectful and healthy intimate relationships. HU strongly encourages its community members to communicate openly, honestly, and clearly about their actions, wishes, and intentions when it comes to sexual behavior, and to do so before engaging in intimate conduct. It is always the requirement of the individual initiating sexual contact, or undertaking a new type of sexual activity, to ensure that consent is present before acting and is present during sexual activity.

**When determining whether consent was present, investigators will consider whether a sober, reasonable person in the same position should have known whether the other party could or could not consent to the sexual activity.**

For purpose of this policy, consent is present when clearly understandable words or actions manifest a knowing, active, voluntary, present, and ongoing agreement to engage in specific sexual or intimate contact.

Consent must encompass each of the following:

- Knowing: Consent must demonstrate that all individuals understand, are aware of, and agree to the “who” (same partners), “what” (same acts), “where” (same location), “when” (same time), and “how”(the same way and under the same conditions) of the sexual activity. Consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another person.

- Active: Consent must take the form of “clearly understandable words or actions” that reveal one’s expectations and agreement to engage in specific sexual activity. This means that silence, passivity, submission, or the lack of verbal or physical resistance (including the lack of a “no”) should not – in and of themselves – be understood as consent. Consent cannot be inferred by an individual’s manner of dress, the giving or acceptance of gifts, the extension or acceptance of an invitation to go to a private room or location or going on a date.
- Voluntary: Consent must be freely given and cannot be the result of respondent’s force (violence, physical restraint, or the presence of a weapon), threats (indications of intent to harm, whether direct or indirect), intimidation (extortion, menacing behavior, bullying), coercion (severe or persistent pressure causing fear of significant consequences from respondent if one does not engage in sexual activity) or fraud (misrepresentation or material omission about oneself or the present situation in order to gain permission for sexual or intimate activity).
- Withdrawn at any time – provided the person withdrawing consent makes that known in clearly understandable words or actions.

Consent is not present when an individual does not have the capacity to give consent, voluntarily or involuntarily, due to age, or a physical condition or disability that impairs the individual’s ability to give consent.

In Pennsylvania:

- Children less than 13 years old cannot grant consent to sexual activity.
- Teens between the ages of 13 and 15 cannot consent to sexual activity with anyone who is four or more years older than them.
- People ages 16 and older can legally consent to sexual activity with anyone they choose, as long as the other person does not have authority over them as defined in Pennsylvania’s institutional sexual assault statute.

Reasons why one could lack capacity to give consent due to a physical condition include, but are not limited to, consumption of drugs or alcohol (voluntarily or involuntarily) or being in a state of unconsciousness, sleep, or other state in which the person is unaware that sexual activity is occurring.

Signs of incapacitation that may nullify consent include when an individual demonstrates that they are unaware of where they are, how they got there, or why or how they became engaged in a sexual interaction. Some indicators of a lack of capacity to give consent due to consumption of drugs or alcohol may include, but are not limited to:

- Lack of full control over physical movements (for example: difficulty walking or standing without stumbling or assistance);

- Lack of awareness of circumstances of surroundings (for example, lack of awareness of where one is, how one got there, who one is with, or how or why one became engaged in sexual interaction);
- Inability to effectively communicate for any reason (for example: slurring speech, difficulty finding words).

A person may appear to be giving consent, but may not have the capacity to do so, in which case the apparent consent is not effective. When determining whether consent was present, HU will consider whether a sober, reasonable person in the same position should have known whether the other party could or could not consent to the sexual activity. If there is any doubt as to another person's capacity to give consent, community members should assume that the other person does not have the capacity to give consent. Being intoxicated or impaired by drugs or alcohol is never an excuse to commit sexual misconduct.

### ***Dating/Domestic Violence***

Dating/Domestic Violence includes intimidation, harassment, physical abuse, sexual abuse, or interference with personal liberty of any person by someone in an intimate relationship.

Individuals encompassed in the definition of Dating Violence include, but are not limited to:

- People who have or have had a dating relationship;
- People who have or had a social relationship of a romantic or intimate nature.

Individuals encompassed in Domestic Violence include, but are not limited to:

- Current and former spouses;
- Current and former domestic partners;
- Intimate partners or dating partners who share or formerly shared a common dwelling;
- Persons who otherwise have a child in common or share a relationship through a child.

Actions that constitute dating/domestic violence include, but are not limited to:

- a. Physical abuse: hitting, slapping, shoving, grabbing, pinching, biting, or hair pulling;
- b. Psychological or emotional abuse: a pattern of behavior undermining an individual's sense of self-worth or self-esteem, constant criticism, diminishing one's abilities, name-calling, or damaging one's relationship with one's children;
- c. Sexual abuse: attacks on sexual parts of the body, forcing sex after physical violence, treating one in a sexually demeaning manner, coercing or attempting to coerce any sexual contact or behavior without consent.

### ***Gender-Based Harassment***

Gender-based harassment is verbal, nonverbal, graphic, or physical aggression, intimidation, or hostile conduct based on sex, sex-stereotyping, sexual orientation, or gender identity, but not

involving conduct of a sexual nature, when such conduct is sufficiently severe, persistent, or pervasive that it interferes with or limits a person's ability to participate in or benefit from HU's education or work programs or activities. For example, persistent disparagement of a person based on a perceived lack of stereotypical masculinity or femininity or exclusion from an activity based on sexual orientation or gender identity also may violate this Policy.

### ***Investigator***

An investigator is an HU employee, or an external third-party contracted by HU, who receives annual training for implementing a sexual misconduct policy and how to conduct an investigation and hearing process that protects the safety of all involved and promotes accountability without having a conflict of interest or bias against any involved party.

### ***Mandated Reporter***

A mandated reported, even if they are a confidential employee, are legally required to report suspected abuse of a minor child. The following are considered mandated reporters under Pennsylvania law:

Anyone licensed or certified to practice in a health-related field under the jurisdiction of the Pennsylvania Department of State;

A medical examiner, coroner, or funeral director;

Employees of health care facilities or providers licensed by the Pennsylvania Department of Health who are engaged in the admission, examination, care, or treatment of individuals

School employees;

Employees of a childcare service who have direct contact with children in the course of employment;

Clergymen, priests, rabbis, ministers, Christian science practitioners, religious healer, or spiritual leaders of any regularly established churches or other religious organizations;

Individuals (paid or unpaid) who, on the basis of their role as an integral part of a regularly scheduled program, activity, or service, accepts responsibility for a child which includes summer camps and conferences;

Employees of social service agencies who have direct contact with children in the course of employment;

Peace officers or law enforcement officials defined as: attorney general, district attorney, Pennsylvania State Police, and municipal police officer;

Emergency medical service providers certified by the Pennsylvania Department of Health;

Employees of a public libraries who have direct contact with children in the course of employment;

Individuals supervised or managed by a person listed above who have direct contact with children in the course of their employment;

Independent contractors who have direct contact with children;

Attorneys affiliated with an agency, institution, organization, or other entity that is responsible for the care, supervision, guidance, or control of children;

Foster parents; and

An adult family member who is a person responsible for the child's welfare and provides services to a child in a family living home, community home for individuals with an intellectual disability, or host home for children which are subject to supervision or licensure by the department under Articles IX and X of the act of June 13, 1967, known as the Public Welfare Code.

### ***Parties***

Parties is a term that refers to the complainant and the respondent collectively.

### ***Respondent***

Respondent is the person who is alleged to have violated this policy. A respondent can be a student or employee.

### ***Responsible Employee***

A responsible employee is a HU employee:

Who has the authority to take action to redress sexual harassment/violence, or

Who has been given the duty of reporting incidents of sexual harassment/violence or any other misconduct by students to the Title IX Coordinator or other appropriate school designee, or

That a student/employee could reasonably believe has either the authority or the duty listed above.

It is considered official notice to HU if a responsible employee "knew, or in the exercise of reasonable care should have known" about the harassment. This includes incidents that are reported directly, are witnessed, or are reported by a third party (parent, other student), all of which should be reported to the Title IX Coordinator(s).

For Title IX compliance, all HU employees, with the exception of mental health counselors, are "responsible employees." This includes undergraduate and graduate student employees.

### ***Retaliation***

HU strictly prohibits retaliation against any member of its community for reporting an incident of sexual misconduct or for participating in an investigation or hearing related to a report of sexual misconduct. HU considers such actions to be protected activities in which all members of the HU community may freely engage.

Retaliation is materially adverse action taken against an individual because they engaged in protected activities, when the adverse action is sufficiently severe or pervasive that it could deter

a reasonable person from engaging in the protected activities. Members of the community are prohibited from engaging in actions directly or through others that reasonably could deter a party or a witness from reporting sexual misconduct or participating in an investigation or hearing. Examples of retaliation could include but are not limited to terminating someone's employment; reducing a grade; removing someone from an organization; direct or indirect intimidation, threats, or coercion; or harassment or other forms of discrimination.

The HU community is strongly encouraged to report any incident of retaliation under this policy to a Title IX Co-Coordinator, who shall investigate the matter and take appropriate actions to address such conduct. Individuals who are found to have engaged in retaliation are subject to disciplinary action. Sanctions for retaliation may be applied regardless of whether there is a finding on the underlying complaint that sexual misconduct occurred.

### ***Sexual Assault***

Sexual assault includes any of the following behaviors:

- Sexual penetration without Consent (e.g., rape): Any penetration of the sex organs or anus of another person when consent is not present; any penetration of the mouth of another person with a sex organ when consent is not present; or performing oral sex on another person when consent is not present. This includes penetration or intrusion, however slight, of the sex organ or anus of another person by an object or any part of the body.
- Sexual Contact without Consent (e.g., fondling): Knowingly touching or fondling a person's genitals, breasts, thighs, groin, or buttocks, or knowingly touching a person with one's own genitals, breasts, or buttocks, when consent is not present. This includes contact done directly or indirectly through clothing, bodily fluids, or with an object. It also includes causing or inducing a person, when consent is not present, to similarly touch or fondle oneself or someone else.
- Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by the laws of the state in which the incident occurred.
- Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent under the laws of the state in which the incident occurred.
- Sexual Exploitation: Taking sexual advantage of another person for the benefit of oneself or a third party when consent is not present.
  - This includes but not limited to the following actions (including when they are done by electronic means, methods, or devices):
  - Sexual voyeurism or permitting others to witness or observe the sexual or intimate activity of another person without that person's consent;
  - Indecent or lewd exposure or inducing others to expose themselves when consent is not present;
  - Recording any person engaged in sexual or intimate activity in a private space without that person's consent;

- Distributing sexual information, images, or recordings about another person without that person's consent;
- Recruiting, harboring, transportation, providing, or obtaining another person for the purpose of sexual exploitation; or
- Incapacitation of another person with the intent to engage in sexual conduct, regardless of whether prohibited sexual conduct occurs.

### ***Sexual Harassment***

Sexual harassment is unwelcome conduct of a sexual nature, including unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, graphic, or physical conduct of a sexual nature, when: (1) submission to or rejection of such conduct is made either explicitly or implicitly a condition of an individual's employment or academic standing or is used as the basis for employment decisions or for academic evaluation, grades, or advancement (*quid pro quo*); or (2) such conduct is sufficiently severe, persistent, or pervasive that it interferes with or limits a person's ability to participate in or benefit from HU's education or work programs or activities (hostile environment).

*Quid pro quo* sexual harassment occurs whether a person resists and suffers the threatened harm, or the person submits and avoids the threatened harm. Both situations constitute discrimination based on sex. *Quid pro quo* harassment can be, but is not limited to, requests for sexual favors in exchange for actual or promised job benefits, such as favorable reviews, salary increases, promotions, increased benefits, or continued employment; or academic benefits, such as favorable grades, recommendations, reviews, etc.

A hostile environment is created by persistent or pervasive conduct or by a single, severe episode. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment. Sexual violence, including rape, sexual assault, and domestic and dating violence, is a form of sexual harassment. In addition, the following conduct may constitute sexual harassment and violate this Policy:

- Observing, photographing, videotaping, or making other visual or auditory records of sexual activity or nudity, where there is a reasonable expectation of privacy, without the knowledge and consent of all parties;
- Sharing visual or auditory records of sexual activity or nudity without the knowledge and consent of all recorded parties and recipient(s);
- Sexual advances, whether or not they involve physical touching;
- Commenting about or inappropriately touching an individual's body;
- Lewd or sexually suggestive comments, jokes, innuendoes, or gestures;
- Stalking;
- Pressure for a dating, romantic, or intimate relationship;
- Unwelcomed sexual advances;
- Unwelcomed touching, kissing, hugging, or massaging;
- Pressured for or forced sexual activity;
- Unnecessary references to parts of the body;

- Remarks about a person’s gender, nonconformity with gender stereotypes, or sexual orientation;
- Sexual innuendoes or humor;
- Obscene gestures;
- Sexual graffiti, pictures, or posters;
- Sexually explicit profanity;
- Stalking or cyberbullying that is based on gender or sex;
- E-mail, texting (“sexting”) and internet use that violates this policy; or
- Sexual assault or violence.

All forms of sexual misconduct identified in this policy are prohibited forms of sexual harassment.

Other verbal, nonverbal, graphic, or physical conduct may create a hostile environment if the conduct is sufficiently persistent, pervasive, or severe to deny a person equal access to HU’s programs or activities. Whether the conduct creates a hostile environment may depend on a variety of factors, including: the degree to which the conduct affected one or more person’s education or employment; the type, frequency, and duration of the conduct; the relationship between the parties; the number of people involved; and the context in which the conduct occurred.

### ***Stalking***

A course of conduct directed at a specific person that is unwelcomed and that would cause a reasonable person to fear for his or her safety (or the safety of a third party) or suffer substantial emotional distress. Conduct that can amount to stalking may include two or more actions directed at another person, whether done directly, indirectly, through others, through devices, or by any other methods or means (specifically including electronic means), including but not limited to:

- Following a person;
- Being or remaining near a person without academic purpose or invited social cause;
- Entering or remaining on or near a person’s property, residence, or place of employment;
- Monitoring, observing, or conducting surveillance of a person;
- Threatening (directly or indirectly) a person;
- Communicating to or about a person;
- Giving gifts or objects to, or leaving items for, a person;
- Interfering with or damaging a person’s property (including pets); or
- Engaging in other unwelcome contact.

### ***Unwelcome Conduct***

Conduct is unwelcome if a person (1) did not request or invite it and (2) regarded the unrequested or uninvited conduct as undesirable or offensive. If a person welcomes some sexual contact that does not mean that person welcomes other sexual contact. Similarly, a person who willingly

participates in conduct on one occasion does not necessarily mean that the same conduct is welcomed on a subsequent occasion.

Whether conduct is unwelcomed is determined based on the totality of the circumstances, including various objective and subjective factors. The following types of information may be helpful in making a determination: statements by any witnesses to the alleged incident; information about the relative credibility of the parties and witnesses; the detail and consistency of each person's account; the absence of corroborating information where it should logically exist; information that the respondent has been found to have harassed others; information that the complainant has been found to have made false allegations against others; information about the complainant's reaction or behavior after the alleged incident; and information about any actions the parties took immediately following the incident, including reporting the matter to others.

In addition, when a person is so impaired or incapacitated as to be incapable of requesting or inviting the conduct, conduct of a sexual nature is deemed unwelcomed, provided that the respondent knew or reasonably should have known of the person's impairment or incapacity. The person may be impaired or incapacitated as a result of drugs or alcohol or for some other reason, such as sleep or unconsciousness. A respondent's impairment at the time of the incident as a result of drugs or alcohol does not, however, diminish the respondent's responsibility for sexual or gender-based harassment under this Policy.

### ***Witness***

A witness is a person who has direct or indirect knowledge related to specific aspects of a case. A witness can be a student, employee, or a third-party with no connection to HU.

## **Policy Jurisdiction**

This Policy applies to prohibited conduct that is committed by students, faculty, staff, HU appointees, or third parties (such as vendors and contractors), whenever the misconduct occurs on HU property; or off HU property, if the conduct was in connection with an HU or HU-recognized program or activity; or the conduct may have the effect of creating a hostile environment for a member of the HU community. This includes students in study-abroad programs, HU sponsored trips within the United States, and HU sponsored trips outside of the US, that includes but is not limited to academic trips, conferences, lecturers, sporting events, student activities, etc.

## **Prohibited Conduct**

HU prohibits all forms of sexual misconduct and gender-based harassment. This conduct violates HU's community standards and disrupts the living, learning, and working environments for students, faculty, staff, and other community members.

Therefore, HU prohibits the actions listed below<sup>8</sup>.

SMV.A - Sexual assault

SMV.B - Stalking

SMV.C - Dating and Domestic Violence

SMV.D - Sexual Harassment

SMV.E - Gender-Based Harassment, including sexual orientation and identity

SMV.F - Retaliation

An attempt to commit an act identified above, as well as assisting or willfully encouraging any such act, is also considered a violation of this policy.

An act may violate one or more parts of this policy.

Community members may also be held responsible for the misconduct of their visitors and guests.

Breast feeding a child is not indecent and does not constitute sexual misconduct.

## **Reporting Sexual Misconduct**

### ***Employee Reporting***

All HU employees (including student employees), as well as non-employees with teaching or supervisory authority (including student employees), are obligated to promptly report sexual misconduct of which they become aware in the scope of their work for HU as “responsible employees” under Title IX. Reports are to be made to a Title IX Co-Coordinator. HU encourages all individuals to report sexual misconduct except for “Confidential Resources”.

The role of a responsible employee is to report allegations of sexual harassment/violence that takes place on or off campus to the Title IX Coordinator(s) to maximize HU's ability to investigate and potentially address and eliminate sexual harassment/violence. The responsible employee should NOT attempt to determine if the harassment/violence actually did occur, or if a hostile environment is being created.

The information that should be reported includes all the relevant information that the individual has shared and that may be useful in the investigation. This includes names of the alleged perpetrator, the student/employee who experienced the alleged harassment/violence, any other student/employee involved, and the date, time, and location of the alleged incident.

Responsible employees should explain to the student/employee that they are not a confidential resource before a student/employee reveals something that they may want to keep confidential. If a person begins talking about the incident(s) with no warning, responsible employees should interrupt immediately (but nicely) and inform him/her that the conversation cannot be considered

---

<sup>8</sup> Definitions of prohibited conduct are listed in this chapter under “Definitions”.

confidential and if they do not want the incident(s) to potentially be reported then they should make an appointment with a confidential resource, including HU's counselling officer.

In emergency situations, where a person's health or safety is in immediate danger, employees should call 911.

### ***Anonymous Reporting***

**While anonymous incident reports will be reviewed and investigated by the Title IX Co-Coordinator if possible, HU's ability to address alleged misconduct reported anonymously is significantly limited.**

Individuals can make anonymous reports via this public link:

[https://harrisburgu-advocate.symplicity.com/public\\_report/](https://harrisburgu-advocate.symplicity.com/public_report/)

Reporters are encouraged to provide as much information as possible include date(s) of incident(s), individual names, nicknames, locations, potential witnesses, and any other pertinent details.

### ***Third Party Reporting***

While HU strongly encourages reporting and will address all reports from third parties, HU asks third parties to consider the impact of a potential investigation on the complainant. HU may need to move forward with an investigation based off the information provided to the Title IX Co-Coordinator by the third party. This may put the complainant at risk or retraumatize the complainant by taking away the complainant's right to choose to report. HU encourages third parties to reach out to confidential resources on or off-campus prior to reporting to a Title IX Co-Coordinator.

HU encourages third parties to discuss concerns with the complainant directly if possible. Third parties may reach out to confidential resources and Title IX Co-Coordinators for ways to have for additional resources and information on how to approach these difficult conversations. Confidential resources and Title IX-Co-Coordinators can answer general questions without requiring specific information, which may open an investigation.

### ***All Other Reporting***

While HU strongly encourages reporting, members of the HU community who believe they have experienced sexual misconduct have the right to choose whether or not to report the incident to HU or law enforcement and whether or not to pursue a sexual misconduct complaint with HU.

### ***Time Considerations for Reporting Sexual Misconduct***

All reports should be made as soon as possible after an incident because the passing of time makes a review of the evidence more difficult and the memories of involved individuals become less reliable. There is no time limit for when an incident of sexual misconduct may be reported. A Title IX Co-Coordinator reserves the right to conduct an initial inquiry, investigate, or otherwise address

any report, regardless of the time it is made, based on concern for the safety or well-being of the HU community.

A report of a violation can be submitted by anyone by any means.

Reports can also be submitted by email to [TitleIXReport@HarrisburgU.edu](mailto:TitleIXReport@HarrisburgU.edu), or in person.

Upon receipt of a report either from someone other than the alleged victim (e.g., a witness or a colleague), or directly by the alleged victim, a Title IX staff member will contact the alleged victim to provide information about resources and options. The information provided by the Title IX staff member will generally include information about medical and confidential counseling and support resources; options for pursuing a complaint and/or reporting the incident to law enforcement; how to request a protective order or no-contact directive; how to request interim protective measures and accommodations; how to preserve evidence; where to access more information; and an invitation to meet with or speak to a Title IX staff member.

### ***Confidential Reporting***

When complainants request that their name or other identifiable information not be shared with respondents and/or that no conduct proceeding or other action be taken, HU will seek to honor that preference when possible. In determining how to proceed, HU will balance a complainant's request with its obligation to provide a safe and nondiscriminatory environment for all HU community members, including the complainant.

The factors that will be considered in evaluating such requests, include, but are not limited to:

- The nature and scope of the reported conduct, including whether the reported conduct involved physical force or the use of a weapon;
- The potential impact on the complainant of moving forward, particularly in reports involving intimate partner violence;
- The respective ages and roles of the complainant and respondent, including whether the complainant is (or was at the time of the reported conduct), a minor under the age of 18;

- The risk posed to any individual or to the campus community by not proceeding, including the risk of additional violence;
- Whether there have been other complaints to HU related to similar behavior about the same respondent (if known);
- Whether the respondent has a history of convictions or records from a prior school indicating a history of harassment/misconduct, if such records are available;
- Whether the respondent threatened future sexual violence against the complainant or others;
- Whether the report reveals a pattern of conduct at a given location or by a particular group such that there is an increased risk of future acts of sexual misconduct under similar circumstances; and
- Whether the conduct included multiple respondents.

When HU determines that a complainant's request to remain confidential can be honored, HU will evaluate whether there are other steps that can be taken to respond to the report and remedy any effects on the complainant and the HU community. Those steps may include offering appropriate supportive measures to the complainant, providing targeted training or prevention programs, and/or providing or imposing other remedies tailored to the circumstances.

When HU determines that action should be taken that is inconsistent with the request of the complainant that a report remain confidential or that it not be acted upon, the complainant will be informed about the chosen course of action, which may include HU initiating a conduct proceeding against a respondent. In that event, HU will need to disclose the identity of the complainant to the respondent. If so, the complainant will be notified that HU intends to proceed with a conduct proceeding, but that the complainant is not required to participate in the proceeding or in any other actions undertaken by HU.

In such cases when the complainant chooses not to participate or does not respond to a request to participate, HU may pursue conduct proceedings if it is possible to do so without the complainant's participation. Where a complainant declines to participate in a conduct proceeding, however, HU's ability to meaningfully investigate and respond to a report, including a subsequent disciplinary hearing, may be limited.

### ***Reporting to Law Enforcement***

HU encourages individuals to report incidents of sexual misconduct to local law enforcement officials. Timely reporting to the police is an important factor in successful investigation and prosecution of crimes, including sexual violence crimes, and may lead to the arrest of an offender or aid in the investigation of other incidents.

An individual who has experienced sexual misconduct has the right to choose whether to file a police report. Filing a police report can result in the investigation of whether sexual violence or related crimes occurred and the prosecution of those crimes against a perpetrator. It is important to know that reporting the incident to police does not mean an individual is obligated to testify in court.

Police can also assist in reviewing options with alleged victims and identifying and facilitating support resources related to:

- Seeking medical attention
- Seeking support, advocacy and counseling services;
- Discussing legal options, including seeking protective orders from a court;
- Options under the University’s sexual misconduct investigation process.

### **Amnesty Policy**

HU encourages the reporting of sexual misconduct and seeks to remove any barriers to making a report. HU recognizes that an individual who has been drinking or using drugs at the time of an incident may be hesitant to make a report because of potential consequences of their own conduct. To encourage reporting, an individual who makes a good faith report of sexual misconduct that was directed at them or another person will not be subject to disciplinary action by HU for a conduct or policy violation that is related to and revealed in the sexual misconduct report or investigation, unless HU determines the violation was serious and/or placed the health or safety of others at risk. HU may, however, initiate an educational discussion or pursue other educational interventions regarding alcohol or other drugs. These interventions do not include involuntary leaves for students from HU. Amnesty does not preclude or prevent action by police or other legal authorities. The amnesty provision also applies to student groups, such as a recognized club, making a report of sexual misconduct.

### **Confidential Resources**

Resources are available for individuals to discuss incidents and issues related to sexual misconduct on a confidential basis. Confidential resources will not disclose information about incidents of sexual misconduct to anyone, including law enforcement or HU, except in very limited situations, such as when failure to disclose the information would result in imminent danger to the individual or to others or where state law requires that a report be made.

Confidential resources can provide alleged victims with information about support services and their options. Because of the confidential nature of these resources, disclosing information to or

seeking advice from a confidential counselor does not constitute a report or complaint to HU and will not result in a response or investigation by HU. A person consulting with a confidential resource may later decide to make a report to HU or law enforcement.

## **Seeking Medical Assistance**

Experiencing any form of sexual misconduct, especially acts of violence, is difficult and overwhelming. Survivors often experience a range of emotions, including fear, anxiety, and confusion, and may be unsure of what they want to, or should do next. Regardless of whether the individual choose to report the incident, HU strongly encourages survivors of any form of violence to seek medical attention as soon as possible, even if they feel no injury was sustained.

Medical assistance providers can treat visible physical injuries and identify injuries that may not be visible, and where appropriate, also address concerns regarding sexually transmitted infections and pregnancy, and provide emergency contraception (if requested). In addition, a hospital can test for the presence of alcohol or drugs (e.g., “date rape” drugs) and perform a rape evidence collection procedure (see Procedure Section 2), which are also strongly recommended to maintain all legal options.

## **Preserving Evidence**

Many sexual misconduct offenses also are crimes in the state or locality in which the incident occurred. For that reason, complainants of sexual misconduct often have legal options that they can pursue. However, these options are available solely at their discretion, and complainants may change their minds about pursuing them at any time. For example, complainants may seek a protective order from a court against the perpetrators; pursue a civil action against the perpetrator(s); and/or participate in a law enforcement investigation and criminal prosecution of the perpetrator(s).

Regardless of whether an incident of sexual misconduct is reported to the police or HU, HU strongly encourages those who experienced sexual misconduct to preserve evidence to the greatest extent possible, as this will best maintain all legal options for them in the future.

Additionally, this evidence may also be helpful in a HU investigation. While HU does not conduct forensic tests for parties involved in a complaint of sexual misconduct, the results of such tests that have been conducted by law enforcement agencies and medical assistance providers may be submitted as evidence that HU may consider in its investigation or proceeding, if the evidence is available at the time of HU's investigation or proceeding.

Below are suggestions for preserving evidence related to an incident of sexual misconduct. It is important to remember that each suggestion may not apply in every incident:

### ***General Evidence Preservation Recommendations***

In order to maintain their legal options in the future, individuals should consider not altering, disposing, or destroying any physical evidence of sexual misconduct.

If there is suspicion that a drink may have been drugged, an individual should inform a medical assistance provider and/or law enforcement as soon as possible so attempts can be made to collect possible evidence (e.g., from the drink, through urine or blood sample).

Individuals can preserve evidence of electronic communications by saving them and/or by taking screen shots of text messages, instant messages, social networking pages, or other electronic communications and by keeping pictures, logs, or copies of documents that relate to the incident and/or respondent.

Even if complainants choose not to make a complaint regarding sexual misconduct, they may consider speaking with City of Harrisburg Police to preserve evidence if they change their mind at a later date.

### ***Evidence Preservation Suggestions Specific to Sexual Assault***

Because some evidence, particularly evidence that may be located on the body, dissipates quickly (within 48-96 hours), individuals who have been sexually assaulted and wish to preserve evidence should go to the hospital or medical facility immediately to seek a medical examination and/or evidence collection. Pennsylvania law, 18 Pa.C.S. § 11.707, provides that the costs of the forensic rape examination and medications provided as a direct result of a sexual offense shall not be charged to the victim. The victim of a sexual offense does not need to 'report' the sexual offense or 'talk' to law enforcement for the costs to be paid by the Victims Compensation Assistance Program (VCAP).

Health care providers must utilize the victim's insurance to include Medical Assistance, health maintenance organizations, or federally financed insurance programs such as Medicare or Champus, before applying to the VCAP. In instances where the victim or person responsible for the victim requests that the provider not access insurance, the claim may be submitted directly to the VCAP for consideration of payment.

An individual who has been sexually assaulted and wishes to preserve evidence should, if possible, not shower, bathe, douche, smoke, brush teeth, eat, drink, use the bathroom, or change clothes or bedding before going to the hospital or seeking medical attention.

If the individual who has been sexually assaulted decides to change clothes or bedding and wishes to preserve evidence, they should not wash clothes worn or bedding used during the assault, and should bring them to the hospital, medical facility, or the police in a non-plastic bag (e.g., paper bag).

In Pennsylvania, individuals who have been sexually assaulted may allow the collection of evidence even if they choose not to make a report to law enforcement. A Sexual Assault Nurse Examiner (SANE) advocate or a law enforcement officer will know how long evidence will be stored. A sexual assault evidence collection kit may not be released by a Pennsylvania hospital without written consent from the survivor.

### **Title IX VAWA Statement**

It is policy of HU to comply with Title IX of the Education Amendments of 1972 (Title IX), which prohibits discrimination (including sexual harassment and sexual violence) based on sex in HU's educational programs and activities.

It is also HU's policy to continue to comply as policy with the federal Violence Against Women Act (VAWA) amendments to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crimes Statistics Act (Clery Act), and the accompanying regulations.

Title IX prohibits retaliation for asserting or otherwise participating in claims of sex discrimination.

VAWA imposes additional duties on universities and colleges to investigate and respond to reports of sexual assault, stalking, and dating or domestic violence, and to publish policies and procedures related to the way these reports are handled.

HU has designated the Title IX Co-Coordinators to coordinate its compliance with Title IX and VAWA and to respond to reports of violations.

HU has directed its Clery Coordinator to coordinate its compliance with the Clery reporting-related VAWA requirements. HU's Clery report is posted annually on its website and circulated to the HU community.

A person may also file a complaint with the Department of Education's Office for Civil rights regarding an alleged violation of Title IX by visiting <https://www2.ed.gov/about/offices/list/ocr/complaintintro.html> or calling 1-800-421-3481.

### **Complaint Resolution Process<sup>9</sup>**

#### ***Introduction***

The goal of this policy is for HU to promptly initiate a fair and impartial resolution process to determine what occurred and subsequently take steps to resolve the situation, if necessary. This

---

<sup>9</sup> Any individual requiring an accommodation under the Americans with Disabilities Act (ADA) in order to fully participate in any aspect of this policy should contact a Title IX Coordinator.

includes both parties having the same procedural and substantive rights; an equal opportunity to preserve relevant witness information and other evidence; similar and timely access to information that will be used in the investigation and to the findings, and the ability to have a support person/advisor of their choice in any meeting that occurs regarding the incident.

### ***Participation in Process***

HU invites complainants and witnesses to participate fully in the complaint resolution process. For HU to investigate a complaint and/or enable respondents to fully respond to the allegations, most situations will require the complaints' participation and that their identities be disclosed to respondents.

If a complainant decides not to participate, but wants disciplinary action to be taken, HU will determine whether it is possible to move forward with a case without the participation of the complainant. In some cases, disciplinary action is not possible without the participation of the complainant.

When individuals report allegations of sexual misconduct to HU and do not consent to the disclosure of their names and/or do not disclose the identity of the alleged offenders or identifiable information about the alleged offenders, HU's ability to respond to complaints may be limited. In cases where an individual reporting sexual misconduct requests anonymity or does not wish to proceed with an investigation, HU will attempt to honor that request but, in some cases, a Title IX Co-Coordinator or designee may determine that HU needs to proceed with an investigation based on concern for the safety or well-being of the broader HU community (e.g., risk of future acts of sexual violence or a pattern of sexual misconduct). HU reserves the right to take appropriate action in such circumstances, including in cases when the individual reporting the misconduct is reluctant to proceed.

HU expects respondents to participate fully in all aspects of the complaint resolution process. If a respondent elects not to participate in any part of the process, HU may proceed without the respondent's participation. Respondents will be held accountable for any outcome issued, even if they decline to participate.

### ***Providing False Statements***

All participants have the responsibility to be completely truthful with any information they share at all stages of this policy's processes. Any individual who knowingly or intentionally provides false information as part of a report or investigation under this policy will be subject to discipline in accordance with the procedure set forth in the Student Handbook, Faculty Handbook, or Employee Handbook.

This provision does not apply to a good faith report that is not substantiated or proven by a preponderance of the evidence.

### ***Privacy and Sharing of Information***

To the extent noted in this policy, HU considers complaints and investigations of sexual misconduct to be private matters for the parties involved. For that reason, HU will protect the identity of persons involved in reports of sexual misconduct to the extent circumstances allow. HU

will only share personally identifiable information with persons who are on “a need-to-know basis” for HU to investigate, respond, or deliver resources or support services.

HU does not publish the names nor post identifiable information about persons involved in a report of sexual misconduct in HU’s Daily Crime Log or elsewhere online. HU does not confirm to outside parties the identity of an individual who may be involved in a report of sexual misconduct without the individual’s consent. However, HU cannot promise complete confidentiality or privacy in the handling of sexual misconduct reports or complaints. It can promise discretion to the extent possible as noted within this policy or applicable laws.

All participants in an investigation of sexual misconduct are informed that confidentiality helps enhance the integrity of the investigation, protects the privacy interests of the parties, and protects the participants from statements that might be interpreted to be retaliatory. For these reasons, the complainant, respondent, witnesses, and advisors will be asked to keep information related to the investigation and resolution private to the extent consistent with applicable law.

However, HU reserves the right to share information regarding an investigation with other appropriate parties on a need-to-know basis consistent with the Family Educational Rights and Privacy Act (FERPA) and other applicable laws.

### ***Case Resolution Timeline***

In most cases, HU investigates and resolves complaints of sexual misconduct, including any sanctions and/or corrective actions within 90 days of receiving a complaint. However, this may vary based on the availability of the parties and witnesses, the scope of the investigation, interim protective measures or accommodations, or unforeseen circumstances. Many cases are resolved in a shorter time.

But, extensions of time beyond this 90-day timeframe may occur for good cause. In cases where there is simultaneous law enforcement investigation, HU may need to temporarily delay its investigation while law enforcement gathers evidence. However, HU generally will proceed with its investigation and resolution of a complaint during, and possibly prior to the completion of, any law enforcement investigation.

The primary goal of an investigation is to provide a prompt but equitable resolution to a case through a fair and impartial proceeding. Due to extenuating circumstances, an investigation may take additional time to preserve these goals. However, available electronic means, such as online interviews, may be utilized to timely complete an investigation.

### ***Conflicts of Interest***

A list of investigators and appeal reviewers who may make findings in sexual misconduct matters is available through HU’s Office of Student Services or Office of Human Resources.

HU reserves the right to use an appropriately trained investigator or appeal reviewer not on this list as it deems necessary. Parties can raise the issue of a potential conflict of interest or perceived bias within two (2) days of their initial meeting with the Title IX staff member. A Title IX Co-Coordinator will determine whether a conflict of interest exists. No investigator or appeal reviewer will make findings or determinations in a case in which they have a conflict of interest.

A Title IX Co-Coordinator may hire external investigators in complicated cases if perceived bias cannot be avoided.

Any party or witness who believes that a conflict of interest, or bias, exists on the part of an investigator, should report their concerns to a Title IX Co-Coordinator.

### ***Standard of Evidence***

HU uses the preponderance of the evidence standard in its investigations and hearings of complaints alleging sexual misconduct and any related violations. A preponderance of evidence means it is more likely than not that a violation of the policy occurred. This standard is often referred to as “50 percent plus a feather”.

### ***Advisor/Legal Counsel***

Complainants and respondents may be accompanied by one advisor throughout the investigation and any hearing process. An advisor is a support person who is present to provide support to a complainant or respondent throughout an investigation and/or appeal hearing. An advisor may not speak, write, or otherwise communicate with an investigator, hearing officer, or panel on behalf of the complainant or respondent. Advisors who do not abide by these guidelines shall be excluded from the process.

In any matter involving a complaint of sexual assault, stalking, or dating/domestic violence, the advisor may be any person of the party's choosing, including an attorney. However, an advisor may not be a witness in the same matter. Further, the advisor is still limited to the supportive and non-participatory role described above.

In all other matters excluding sexual assault, advisors cannot be a witness or party in the matter or a related matter, a family member of the complainant or respondent, or an attorney.

It is the responsibility of the complainant and respondent to advise their advisors of any scheduled activities requiring their presence. Requests for continuances due to the unavailability of an advisor of a party's choosing will not be readily granted.

### ***Initial Inquiry***

When HU receives a report of sexual misconduct, Title IX staff will begin an initial inquiry as soon as practical. This will most frequently begin with an attempt to gain additional information from the complainant, preferably through an in-person meeting. The scope and timing of further action will depend upon a number of factors, including but limited to, whether the identity of the victim is known; whether the complainant is willing to participate in an investigation and/or hearing; whether the complainant requests anonymity or confidentiality; whether the respondent is affiliated with HU; and whether HU has an obligation to proceed with an investigation based on concerns for the safety of the broader HU community, regardless of the complainant's wishes.

Following an Initial Inquiry, possible next steps include:

- **Close the Case:** For a case to be referred for a full investigation, there must be sufficient information to believe a policy violation may have occurred and that the respondent may be responsible. The Title IX Office may dismiss a case when insufficient information exists

to move forward or when the alleged misconduct, even if substantiated, would not be a violation of policy. The Title IX Office may, in its discretion, reopen a case in the future if additional information becomes available or a complainant who was unwilling to pursue formal resolution changes their mind, (consistent with the time limitations discussed above).

- **Consolidation.** If multiple complaints have been filed that arise from the same or similar set of facts, the matters may be consolidated into one investigation in the sole discretion of HU and processed informally, formally, or closed.
- **Formal Resolution:** The Title IX Co-Coordinator, Deputy Title IX Coordinator, or designee may determine that there is reasonable information to suggest a policy violation may have occurred. In these cases, the complaint will proceed to further investigation and formal resolution. See below for further information.
- **Voluntary and Informal Resolution:** Informal resolution involves action taken by HU in response to a situation or report of sexual misconduct when formal resolution is not desired by the complainant or when there is not enough information to proceed with a formal resolution process. Examples of informal resolutions can include, but are limited to, a warning to cease current behaviors, no-contact directives, an educational conversation with the respondent or others, and changes in academic, work, or living arrangements. As part of the informal resolution process, the parties may submit to mediation to resolve outstanding issues. However, mediation will not be used to resolve complaints involving sexual or physical violence or where there is a power dynamic such as between a HU employee and student.

The factors that will be considered in evaluating such requests, include, but are not limited to:

- The nature and scope of the reported conduct, including whether the reported conduct involved physical force or the use of a weapon;
- The potential impact on the complainant of moving forward, particularly in reports involving intimate partner violence;
- The respective ages and roles of the complainant and respondent, including whether the complainant is (or was at the time of the reported conduct), a minor under the age of 18;
- The risk posed to any individual or to the campus community by not proceeding, including the risk of additional violence;
- Whether HU has received other complaints of similar behavior about the same respondent (if known);
- Whether the respondent has a history of convictions or records from prior school(s) indicating a history of harassment/misconduct, if such records are available;
- Whether the respondent threatened further sexual violence or other violence against the complainant or others;
- Whether the report reveals a pattern of conduct at a given location or by a particular group such that there is an increased risk of future acts of sexual misconduct under similar circumstances; and
- Whether the conduct included multiple respondents.

### ***Protective/Interim Measures***

A Title IX Co-Coordinator or designee will also determine whether protective measures should be taken while a case is pending. Protective measures include actions taken prior to a case's formal resolution to ensure the safety and security of the campus community (interim actions) and/or following the resolution of a case. Protective measures, including individualized services, may be applied to the complainant, the respondent or the broader HU community and include, but are not limited to:

- A no-contact directive placed between members of the community
- Changes in academic, work, or living arrangements or schedules
- Assistance in requesting academic allowances
- A formal request or warning that a community member ceases certain behaviors
- Removal of privileges or suspension of activity (including attendance in a specific class or work assignment)
- Issuance of a timely warning to the HU community
- Interim relocation or removal from HU including but not limited to campus housing
- Temporary leave of absence
- Internal or external counselling services
- Interim suspension or administrative leave pending resolution (pursuant to the procedures set forth in the applicable Student, Faculty, and Employee Handbooks).

### ***Timely Warnings***

A Timely Warning may be issued when HU is made aware of a crime that falls under The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) has occurred within HU's Clery Geography. To qualify for a timely warning, the incident must represent a serious or continuing threat to members of the campus community.

Clery crimes include, but are not limited to, the following offenses:

- Murder/Non-Negligent Manslaughter;
- Manslaughter by Negligence;
- Rape; Fondling;
- Incest;
- Statutory Rape;
- Robbery;
- Aggravated Assault;
- Burglary;

It also includes the offenses of:

- Hate Crimes plus the actions of: Larceny-Theft; Simple Assault; Intimidation; and Destruction/Damage/Vandalism to Property. The eight categories of bias that may result in a hate crime being reported are as follows: race, gender, gender identity, religion, sexual orientation, ethnicity, national origin, or disability.
- Dating Violence; Domestic Violence; and Stalking

HU's Clery Geography consists of the following:

- On-campus property (including on-campus student housing facilities)
- Certain public property that is immediately adjacent to and accessible from campus or is within the campus
- Certain non-campus property that is owned or controlled by the College or owned and controlled by an officially recognized student organization.

Though not required by the Clery Act, a timely warning may also be issued in circumstances where HU believes criminal activity on or near campus poses a serious or continuing threat to the campus community, even if the criminal activity is technically not a Clery crime and/or did not occur on HU's Clery Geography.

When determining whether a Timely Warning should be issued, HU must consider the following factors in light of the unique facts of the particular situation:

- The nature of the crime;
- The continuing danger to the campus community; and
- The possible risk of compromising law enforcement efforts.

Timely Warnings will be issued to the HU Community as soon as pertinent information is available. This always means sooner than later since absent the warning of an ongoing threat the student body is unaware and open to possible victimization.

The content of a Timely Warning will, at minimum, include pertinent information about the crime that triggered the warning (i.e., type of crime and a description of where it occurred). The warning may also provide other brief information about the situation if warranted, though caution will be taken to not issue such a lengthy warning that it cannot be quickly understood by recipients. ***However, the identity of a victim or complainant, are closely protected and is not revealed in a timely warning.***

## **Formal Resolution**

### ***Notification to Respondent***

The sexual misconduct complaint resolution process operates under a standard of fairness that ensures a prompt and equitable resolution. This includes an opportunity for the respondent to be notified of the alleged misconduct and the policy violations under consideration and an opportunity to be heard. If a case is referred for formal resolution, the Title IX Office will notify the respondent of the alleged misconduct and the respondent will be given an opportunity to respond. The notification will typically include a brief description of the alleged misconduct, the date and location of the incident, the identities of the parties, a list of any HU policies allegedly violated, and a description of the steps toward resolution. HU may modify the list of policies allegedly violated based on additional information revealed during investigation.

All notifications will contain statements regarding against false statements and retaliation, as well as contact information for ADA accommodations.

## ***Investigation***

HU will investigate complaints proceeding through formal resolution. Depending upon the circumstances, one or more investigators are assigned from a list of trained investigators. In some cases, an outside investigator may be retained. All investigators receive trauma-informed training on Title IX and are familiar with HU's policies and procedures regarding Sexual Misconduct. Depending on the circumstances and in its discretion, HU may consolidate multiple complaints involving the same respondent; and/or complaints where the parties have made sexual misconduct allegations against each other.

During an investigation, the complainant has the opportunity to describe their allegations and present supporting evidence to the investigator. The respondent has the opportunity to hear the allegations, respond to them, and present supporting evidence to the investigator. HU does not electronically record investigation meetings and they may not be recorded by any participant. Parties and witness may take notes during investigation meetings.

Generally, the investigator meets with each party and each witness separately. In some cases, the investigator may interview the parties and/or witness more than once. The parties may submit additional materials or information to the investigator following their interview(s). In all cases, both the complainant and respondent have equal opportunities to share information and have their information considered.

The complainant and the respondent can present names of witness they suggest the investigator interview and questions they request that the investigator ask the other party. Complainants and respondents may only present factual witness and may not present character or expert witness. The investigator will take information provided by the complainant and respondent into consideration when identifying whom they will interview and what questions they ask, but these decisions are in the investigator's sole discretion. The investigator may also choose to interview other witnesses not identified by the parties.

Following investigation, the matter is resolved using an Administrative Resolution, as discussed below.

## ***Administrative Resolution***

Administrative resolution is used in all sexual misconduct cases involving faculty, staff, or third-party respondents.

Administrative resolution involves a determination made by the Title IX Co-Coordinator of whether the *Policy on Sexual Misconduct* was violated.

The complainant and respondent are notified simultaneously in writing of the findings of the administrative resolution. In the event of a policy violation, the investigator will also provide their findings to the appropriate HU office.

For student respondents found to have violated the policy, the Title IX Co-Coordinator determines sanctions or corrective actions in accordance with sanctions set forth in this policy and any sanctions contained in the Student Code of Conduct.

For employee respondents found to have violated the policy, the Title IX Co-Coordinator will provide findings to the Office of Human Resources and, when appropriate, the respondent's manager(s), who are responsible for sanctions or corrective actions that should be imposed on the respondent, in accordance with the procedures set forth in HU's Employee Handbook.

For faculty respondents found to have violated the policy, the Title IX Co-Coordinator will provide findings to the Provost and the Office of Human Resources. Sanctions or corrective actions imposed are determined in accordance with the procedures set forth in the Employee Handbook.

For third party respondents found to have violated the policy, findings will be provided to the appropriate HU office for further action.

### ***Notification***

Notification of findings and sanctions are simultaneously provided to the complainant and the respondent in separate correspondence from the investigator and the office imposing the sanction/s including an explanation of the weight of evidence using the appropriate standard of proof. However, some information may not be shared if it would violate any federal or state law, such as the Family Educational Rights and Privacy Act (FERPA).

The complainant's notification includes findings related to violations of the policy, remedies offered or provided to the complainant, sanctions imposed on the respondent that directly relate to the complainant, and any other steps HU has taken to prevent the recurrence and eliminate a hostile environment, if such was found to exist. Information contained in the notification may be limited due to applicable laws.

In a case related to alleged sexual assault, stalking, or dating/domestic violence, the complainant's notification of outcome will also include the rationale for the findings related to violations of policy and all sanctions imposed on the respondent, not just those directly related to the complainant. The respondent generally will not be notified of the individual remedies offered or provided to the complainant.

Complainants and respondents are informed of appeal procedures within their notifications.

HU encourages the parties to maintain confidentiality of all communication related to findings and sanctions.

## **Sanctions**

When the Policy on Sexual Misconduct is violated, sanctions are determined based on several factors, including the severity of the conduct and any prior policy violations. In addition, HU may take steps to address the effects of the conduct on victims and others, including, but not limited to, counseling and support resources, academic and housing assistance, change in work situations, leaves of absence, and training or other preventative measures. Sanctions and remedial actions aim to eliminate any hostile environment, prevent sexual misconduct from recurring, and remedy any discriminatory effects on a complainant or others.

Sanctions and corrective actions are<sup>10</sup>:

- Verbal warning
- Written warning
- Advisory Letter
- Monitoring
- Disciplinary hold on academic and/or financial records
- Performance improvement/management process
- Required counseling or therapy, including confirmation of attendance and ability to safely return to campus
- Required training or education
- Campus access restrictions
- Loss of oversight, teaching or supervisory responsibility
- Probation
- Demotion
- Loss of pay increase
- Revocation of offer (employment or admissions)
- Disciplinary suspension
- Suspension with pay
- Suspension without pay
- Exclusion
- Expulsion
- Degree revocation
- No contact directive (with respect to an individual)
- Loss of privileges
- Termination of employment
- Termination of contract (for contractors)
- No trespass orders

Additional sanctions contained in the Student Code of Conduct and the Employee Handbook may also be imposed.

## **Appeals**

### ***Right of Appeal after Administrative Resolution***

The complainant or respondent may appeal the sanctions in an administrative resolution or the determination of the sanctions if they have participated in the resolution process. An appeal will be handled in a manner consistent with any applicable terms or procedures in the Employee or Student Handbook, or applicable policy. Otherwise, the terms and procedures outlined in these guidelines will control.

---

<sup>10</sup> Listed sanctions may not be applicable to all respondents. The list includes potential sanctions applicable to HU employees and students.

### ***Basis for Appeal***

The only grounds for appeal to a finding of sexual misconduct are as follows:

1. New information discovered after the investigation that could not have reasonably been available at the time of the investigation and is of a nature that could materially change the outcome;
2. Procedural errors within the investigation or resolution process that may have substantially affected the fairness of the process;
3. An outcome (findings or sanctions) that was manifestly contrary to the weight of the information presented (i.e., obviously unreasonable and unsupported by the great weight of information).

All other reasons for an appeal will be dismissed.

At the time of its filing, an appeal must specifically provide supporting facts and/or documentation in support of the three permissible grounds for appeal as outlined above.

### ***Appeal Process***

1. An appeal must be made within the record retention timeframe. An appeal must be in writing and specify the basis for the appeal as outlined above. The original finding is presumed reasonable and appropriate by a preponderance of the evidence unless information to the contrary is presented.
2. In the event of sanctions, it is in the sole discretion of the Title IX Co-Coordinator and the sanctioning office whether the sanctions are implemented or stayed pending resolution of an appeal.
3. Appeals are handled by the following reviewers, who may delegate the review of an appeal to a designee and will delegate review in any case in which they cannot serve as an impartial reviewer.

Students should contact:

**Title IX Co-Coordinator for Students**  
Melissa Morgan, Director of Student Services  
326 Market Street  
Harrisburg, PA 17101  
(717)901-5149  
[MMorgan@HarrisburgU.edu](mailto:MMorgan@HarrisburgU.edu)

An appeal of a complaint against a faculty member should be addressed to:

**Title IX Co-Coordinator for Employees**  
Office of Human Resources  
326 Market Street  
Harrisburg, PA 17101  
(717)901-5100

An appeal of a complaint against a staff member or third-party should be addressed to:

**Title IX Co-Coordinator for Employees**

Office of Human Resources

326 Market Street

Harrisburg, PA 17101

(717)901-5100

**Record Retention**

All records received and created under this policy shall be maintained for a period of seven years from the date a file is closed. All records shall be maintained in the Office of Student Services.

The ability for anyone to access closed records is at the discretion of the Office of Student Services in conjunction with the Office of General Counsel and in a manner consistent with federal and state laws.

# CHAPTER 4. HOUSING GUIDELINES

## Introduction

Residents in HU-affiliated housing facilities have individual, as well as group rights, while engaged in activities that are part of university life. However, these rights come with reciprocal responsibilities that must ensure these same rights for other HU student residents.

The Office of Student Services educates residents regarding their community rights and responsibilities and use them as a guide in making decisions concerning resident welfare and behavior.

## Rights and Responsibilities

The following define minimal expectations regarding the rights and responsibilities of students who reside in HU-affiliated housing.

### *Residents' Rights*

Students who reside in HU-affiliated housing facilities have the following rights:

- to have reasonable access to their living accommodations based on a published schedule of occupancy;
- to live in a clean and secure environment;
- to access facilities and programs that support the pursuit of academic success;
- to expect a regionally competitive price on housing accommodations;
- to have access to written copies of HU-affiliated housing rules that govern individual and group behavior;
- to have respect and safety for their personal property;
- to study without interruption or interference;
- to be free from unreasonable noise;
- to be free of intimidation or harassment;
- to express themselves freely within established guidelines;
- to expect enforcement of housing agreement/lease;
- to have direct access to HU staff who aid, guidance, and support as needed.
- to host guests, within established guidelines;
- to receive equitable treatment when behavior is in question;
- to enjoy individual freedoms regardless of race, ethnicity, sex, national origin, disability, age, religion, sexual orientation, or political affiliation; and
- to have access to individual and group social, educational, and developmental opportunities in their living community.

### ***Residents' Responsibilities***

Students who reside in HU-affiliated housing facilities have the following reciprocal responsibilities:

- to adhere to all laws, rules, policies, and procedures;
- to comply with reasonable requests made by HU staff, officials, fellow residents, or the facility management team;
- to meet payment schedules for room charges and other housing fees;
- to monitor and accept responsibility for the behavior of their guests;
- to report violations of all laws, rules, policies, and procedures to appropriate staff.
- to respect the rights of others as stated above;
- to respect the diverse backgrounds and interests of those others who are different from them;
- to treat others with civility and manage conflict in a mature manner;
- to be serious in their academic pursuits;
- to participate actively in self-governance;
- to participate in housing committees when requested;
- to express themselves individually or by association with groups;
- to contribute positively to the community by participating in educational and developmental activities; and
- to permit immediate access to their room when a HU official reasonably believes there to be an emergency or imminent life, health, or safety issue that requires prompt attention.

## **Student Housing Staff**

### ***Associate Director of Student Life (AD)***

The AD oversees HU-affiliated housing and residence life. The AD manages the housing and residence life staff and all HU housing affiliations, sets student housing policy, and provides leadership for residence life initiatives. On authority from the Director of Student Services, the AD oversees the housing standards policy and proceedings. The AD can be contacted for any housing concerns and questions.

### ***Residence Life Coordinator (RLC)***

The RLC lives in HU-affiliated housing and works to foster a community through policy enforcement, educational and social program development, leadership development, and implementing administrative procedures. Residents may contact the RLC to obtain information and assistance to resolve roommate disputes, facility concerns, or other housing related matters. For resolving complaints of a suspicious, threatening, or dangerous nature, please notify the housing staff and, if directed, call 911.

### ***Residence Assistants (RAs)***

An RA is a student staff member that report to HU's RLC. These students serve as direct resources for students in HU-affiliated housing. RAs reside on campus and act as the primary contact for students if they have any housing concerns or need help. RA's maintain daily rounds of campus housing facilities and have nightly desk hours which are from 9PM-12AM daily. There may be additional desk hours during special occasions.

## **Section I: Housing Standards Policies & Procedures**

### ***Introduction***

Residents<sup>11</sup> become part of a community of diverse individuals. When students assume their responsibilities as members of the residential community, everyone benefits.

To ensure that residents can exercise their rights as individuals without unduly infringing on the rights of others, basic policies and procedures have been established to facilitate mutual respect and consideration among community members. Each person's cooperation is essential to maintain an environment of mutual respect and support. Consequently, to maintain a safe environment for all resident students, housing staff have the right to address any student and enter any suite with reasonable suspicion of a policy violation.

### ***Applicability***

- A. The *Housing Standards* apply to conduct by an individual or group:
  1. If the individual or group resides in HU affiliated campus housing;
  2. If the individual is a student of HU and a guest of any resident of HU affiliated campus housing, even if the student does not live in campus affiliated housing; or
  3. If the individual is a guest of a resident of campus affiliated housing but is not an HU student, in which case the resident may be processed in accordance within the established process.
- B. Residents must abide by federal, state, and local laws. In order to establish the rights, privileges, and limitations of individual residents, and to assure successful financial operation, students are also obligated to follow this handbook that operates as a master policy and their lease agreement. Residents must accept these standards as part of their agreement to live in HU affiliated housing.
- C. Residents must show basic respect for, and cooperate with, all individuals in their community. Successful group living can be achieved only through the cooperative effort of each resident. Residents must be aware of their rights and privileges and equally aware of the rights and privileges of others. Residents should expect that their rights will be respected, and in a similar manner, residents must avoid infringing on the rights of others.

---

<sup>11</sup> The terms student and resident are used interchangeably.

- D. Residents should be mindful of personal safety. Neglecting personal safety can, and often will, have an impact on other residents and staff. Each resident is a part of a larger community. Residents are advised to be mindful of the implications of their personal choices on that community because they will be held accountable through the disciplinary process outlined in this handbook if they fail to make safe personal choices.

### ***Authority***

- A. HU's Provost/Vice President of Academic Affairs (Provost) has final authority over any student conduct issue and may take immediate and/or interim action at her/his discretion for any violation of HU's policies or procedures. Action taken by the Provost, unless otherwise indicated, is final.
- B. In most circumstances, authority of *Housing Standards* matters has been delegated by the Provost to the Director of Student Services (Director), who will exercise it consistent with these procedures. Often, the AD will oversee *Housing Standards* proceedings.
- C. The Office of Student Services, with direction and guidance from the Provost, is responsible for administering the *Housing Standards* and ensures that all *Housing Standards* proceedings are carried out in accordance with HU policies and procedures.

### ***Housing Standards Violations***

The following is a partial list of activities, which, under current guidelines, are considered by HU to be Housing Standards Violations that will result in disciplinary action. Violations of the Student Code of Conduct will be addressed through the policy in Chapter 1. Students are expected to follow all policies and standards as listed here, as well as in the Student Housing Lease and any other applicable HU policy. Residents are also required to abide by all federal, state, and local laws.

The following conduct is prohibited in HU-affiliated housing and will result in disciplinary action. If a behavior is not defined, reference the definition provided in the Student Code of Conduct. In certain circumstances and when warranted, prohibited conduct may also be reported to law enforcement:

HSV.A – Fire Safety: Possession of candles, incense, and open flame decorations

HSV.B – Furniture Misuse

HSV.B.1 - Moving of lobby furniture

HSV.B.2 – Damaging common area furniture

HSV.B.3 – Theft of common area furniture

HSV.B.4 – Damage of residence hall room furniture

HSV.C. Improper Access to Student Housing.

HSV.C.1 – Improper use of window

HSV.C.2 – Improper use of emergency exit door

- HSV.C.3 – Propping of exterior doors
- HSV.C.4 – Tampering of Locking Mechanisms
- HSV.D - Indoor sporting activities
  - HSV.D.1 – Participating in unauthorized indoor sports
  - HSV.D.2 – Skateboarding in residence halls
- HSV.E – Misuse of Keys/ID
  - HSV.E.1 – Key/ID duplication
  - HSV.E.2 – Key/ID sharing misuse
- HSV.F – Noise Violation
  - HSV.F.1 – Possession of Amplified instrument
  - HSV.F.2 – Quiet Hours Violation
- HSV.G – Smoking: Smoking in residence halls
- HSV.H – Trash: Trash disposal in in unauthorized areas.
- HSV.I – Unauthorized Distribution of Information: Unauthorized distribution of materials or information in physical or digital format such as flyers, brochures and business cards
- HSV.J – Unauthorized Pets: Possession of unauthorized pets in residence halls
- HSV.K –Unauthorized Storage
  - HSV.K.1 - Storing bicycles, mopeds and motorcycles
  - HSV.K.2 – Road and related signage storage.
  - HSV.K.3 – Storing personal property in public areas

## **The Housing Standards Process**

The Housing Standards Process is independent, functioning collaboratively alongside the larger HU conduct process which are the Code of Conduct and the Sexual Misconduct Policy. A student may be charged with a violation of Housing Standards, Code of Conduct, and/or Sexual Misconduct Policy, within the housing facility. Lastly, some violations may also be referred to law enforcement at the sole discretion of HU.

### ***Housing Standards Violations System & Procedures***

These guidelines provide a general notice of rights and responsibilities during the Housing Standards Violations process. This Housing Standards Violations guide, as defined by the rights and responsibilities of residents as contained in this chapter, does not, nor is it intended to, afford the specificity or the due process rights of criminal or civil statutes or procedures.

### ***A. Case Referrals***

1. Any person may refer a student suspected of violating Housing Standards to Residence Life staff. The referral will be reviewed for the appropriate student conduct or administrative action to be taken consistent with this Housing Handbook, Code of Conduct and other relevant policies including if there is insufficient evidence.
2. When possible, referrals should be made within a reasonable timeframe after the alleged incident (or after the latest alleged incident in cases of harassment or where there is a succession of documented incidents). Student conduct action may be pursued after considering the amount of time that has passed since the alleged incident and whether there is enough information available to substantiate the reported behavior.
3. Administrative action or reporting to law enforcement, in lieu of formal student conduct action, may be taken at the discretion of the HU, in an appropriate, consistent, and reasonable manner, to address student behavior.

### ***B. Student Conduct Proceedings for Housing Standards Violations***

1. A student who is potentially subject to formal sanctions from the alleged violation of the Housing Standards is entitled to a conference, which will normally consist of an informal meeting between the student responding to allegations (respondent) and an administrator from HU's Office of Student Services.
2. Allegations of violations will be resolved under the procedures contained in the Code of Conduct contained within this Student Handbook. Any student subject to eviction from residence, suspension, or expulsion from HU is entitled to a hearing, which will normally consist of a formal meeting between the respondent and the Director of Student Services or the Director of Student Services' Designee.
3. Allegations of sexual misconduct will be resolved under the procedures set forth in the Sexual Misconduct Policy that is also contained within this handbook.
4. A student who accepts responsibility for violations of the Housing Standards (prior to the student conduct hearing) may meet with the Director of Student Services or Director of Student Services' Designee to determine an appropriate sanction(s), in lieu of attending a hearing. This acceptance must be in writing, affirming acceptance of responsibility for the charge(s), and acknowledging that the full range of sanctions may be imposed.

### ***C. Guidelines for Student Conduct Proceedings in Housing***

The following procedural guidelines are applicable to student housing conduct proceedings. Formal rules of process, procedure, and technical rules of evidence, such as applied in criminal or civil court, are not used in student conduct proceedings. Deviations from prescribed

procedures shall not necessarily invalidate a decision, unless significant prejudice to an accused student, to a complainant, or to HU results. Conduct violations of the Housing Standards will be resolved under the Student Code of Conduct contained in this handbook. Cases of sexual misconduct will be resolved under the policies and procedures set forth in HU's Sexual Misconduct Policy.

The general procedures are as follows:

1. The respondent shall receive advanced written notification of the specific charges and the date, time, and location of the scheduled proceeding. Notice will most often take the form of a letter delivered to a student's HU e-mail account and/or residence.
2. The respondent may request a reasonable extension of time to prepare for the proceeding. Requests for an extension will not be granted for a period to exceed two business days except in unusual circumstances where the respondent can demonstrate the necessity for a longer delay. All requests for an extension of time should be made in writing at least one business day prior to the scheduled proceeding, except in cases of documented serious illness or emergency, and submitted to Associate Director of Student Life.
3. The respondent shall be afforded reasonable access to review the case file during the proceeding. "Case file" means the file containing those materials pursuant to the Family Educational Rights and Privacy Act (FERPA) of 1974. If additional information becomes available and is relevant, it will be discussed and reviewed at the proceeding. The notes of HU staff members and investigators are not included in the case file and thus are not accessible. Names and other information of students may also be redacted in the incident report as appropriate for confidentiality.
4. The respondent shall have the opportunity to provide additional and relevant information that is not contained within the incident report for consideration during the proceeding.
5. The respondent may provide the names of witnesses from the HU community who have relevant and material information pertaining to the incident. Character witnesses will be excluded.
6. Proceedings are closed to non-participants and to the public, including friends and HU personnel without an official interest in the case.
7. During the proceeding, the respondent shall have the opportunity to respond to the information related to the alleged violation of the Housing Standards.
8. Prior disciplinary records may not be considered during the hearing unless the conduct was founded, the appeal period has expired, and the records act as evidence supporting a pattern of behavior.
9. Information or testimony that does not directly relate to the facts at issue, but instead reflects upon the character, reputation, personality, qualities or habits of the respondent should not be presented and, if offered, may be excluded.

10. A respondent who fails to appear at a scheduled proceeding without good cause (e.g. documented serious illness), after proper notice of such a proceeding, may be adjudicated in absentia, and forfeits all rights to an appeal unless it is for lack of proper notice, as required. In such cases, decisions will be based solely on information available or information presented during the proceeding.
11. Proceeding outcomes must be supported by a preponderance of evidence. Preponderance of evidence means that a greater weight of evidence supports the conclusion that a fact is true, or to establish that an event occurred. A preponderance of the evidence does not necessarily mean the greater amount of evidence, but rather the greater quality of evidence – making it more likely than not the matter in question is true.
12. A respondent may be found responsible for any prohibited conduct (including sections of the Housing Code for which he or she was not originally charged) when behaviors that were previously unknown are discovered during the course of the student conduct proceeding or if it is determined that a different section of the Housing Code more appropriately addresses the conduct in question.
13. The outcome of the proceeding shall be conveyed to the student in writing.

### ***Sanctions***

The imposition of sanctions is based on the nature of the violation and the severity of any damage, injury, or harm resulting from it, the respondent's disciplinary record, and the rehabilitative potential of the respondent. In some cases, a sanction may be held in abeyance for a specific period. This means that should the student be found in violation of the Housing Standards during the stated period, he or she may be subject to the deferred sanction in addition to the student conduct action appropriate to the new violation.

Sanctions that may be imposed in accordance with this Housing Code include:

HSS.A- *Warning*: A verbal warning to the resident about the incident and the subsequent behavior that is expected.

HSS.B - *Censure*: An official written reprimand for violation of specified policy provisions

HSS.C - *Educational Sanctioning*: Residents are given a specific assignment or project that encourages reflection on the reasons for the policy and the causes for that resident's behavior.

HSS.G - *Disciplinary Probation*: A period in which a student is expected to demonstrate positive behavioral change and may be excluded from participation in HU privileged or extracurricular activities. Additional restrictions or conditions for behavioral changes may be imposed. Violations of the terms of student conduct probation, or any other violation of the Housing Standards during the period of disciplinary probation, may result in eviction from residence, suspension, or expulsion from HU. While on disciplinary probation, the student is not in good disciplinary standing with HU.

HSS.H *Dismissal*: Cancellation of Housing lease/contract. This is including but not limited to the duration of the dismissal. Length of time is determined during sanctioning. Students may be dismissed from housing for a semester, an academic year or indefinitely.

### ***Appeals***

The outcome of a housing conduct proceeding may be appealed subject to the following guidelines:

#### **A. Requests for Appeal**

1. A letter of appeal should be submitted to the Office of Student Services by the student within three (3) business days of receipt of the outcome of the student conduct proceeding.
2. The appeal must specify grounds that would justify consideration. General dissatisfaction with the outcome of the housing conduct proceeding or an appeal for mercy are not appropriate grounds for appeal. The written appeal must specifically address at least one of the following criteria:
  - a) Significant procedural error that changes the findings of fact of the student conduct proceeding.
  - b) New evidence that significantly alters the findings of fact, that was previously unknown to the respondent, has been discovered and is available during the appeal process.
3. One appeal is permitted.
4. A student adjudicated in absentia forfeits all rights to an appeal process unless it is proven that it is for lack of proper notice, except in an extraordinary circumstance.

#### **B. Appeal Procedures**

Upon receipt of an appeal of the decision made by the AD, the Director of Student Services will have the option of:

1. Affirming the AD's decision without the need for information;
2. Request a meeting with the respondent and/or witness for further information prior to making a determination; and/or
3. Reverse or lessen the finding and sanctions.

The Director of Student Services shall email a written notification to the respondent, both to schedule new meetings and to send the findings.

The imposition of sanctions of the original determination may be deferred while the appeal process is pending unless, in the discretion of the Director of Student Services, the continued presence of

the student on the campus poses a serious threat to her/himself or to others, or to the stability and continuance of normal HU functions.

***Student Conduct Files and Records***

The files of students found responsible for of any prohibited conduct will normally be retained as a student conduct record in the Office of Student Services, under the authority of the Provost. HU officials with a legitimate educational interest may review and use the record as a reference; however, the record will be retained for no more than five calendar years from the student's separation date from HU.

## **Section II: Community Living Expectations**

### ***Routine Health and Safety Inspections***

Residents are to keep their suites sanitary and safe.

During each semester, the Residence Life staff and HU's affiliated housing staff will enter suites for health and safety inspections. Residents are notified of these inspections at least one week in advance. Inspections are for unsanitary conditions (accumulated trash and food or cleanliness of bath) and fire safety violations.

If a suite does not meet health and safety specifications, residents have one week to correct the situation before another inspection. If the situation is not corrected, residents are subject to HU's disciplinary process. In the event of an emergency or other safety, security, and health reasons, HU staff and affiliated housing staff, are permitted to approve non-routine or spot room safety checks.

## **Lease Agreement and Financial Obligations**

### ***Housing Lease Terms***

The Student Housing Lease (lease) is a legal document representing an agreement between the student and HU or HU's affiliated housing entities. Student Housing Leases are not transferable. Assignment of the housing contract or subleasing it to another party is not permitted. This section contains key terms of a typical lease, when and if the lease can be changed, special procedures for lease renewal, and housing during vacation periods. Students are responsible for knowing the contents of their entire lease.

### ***Eligibility for Occupancy***

All residents of HU-affiliated student housing agree to and abide by all applicable housing rules as a condition of occupying housing. This includes being bound by all policies contained within the Student Handbook, academic catalog, and leasing terms. Please read these publications. Students are responsible for knowing and abiding by their contents.

- Only undergraduate students are permitted to live in HU-affiliated housing
- Graduate students are not permitted to live in campus housing
- Transfer and non-traditional students are admitted into housing on a case-by-case basis
- As a resource for students, residence life staff maintains a list of off-campus and non-HU affiliated housing on MyHU. HU is not responsible for housing agreements between students and housing providers on this list.

### ***Withdrawal from HU and Lease Agreement***

A student's withdrawal from HU does not automatically terminate a housing lease. Charges continue to accumulate until a student has:

- signed the appropriate cancellation form;
- removed all belongings from the suite;
- returned room keys; and
- completed the checkout process with the RLC.

Students should review their lease for specific charges related to cancellation of the Student Housing Lease.

### ***Failure to Vacate***

Residents are responsible for their personal property at all times. When residents have not vacated their room/suite as scheduled (internal transfers, dismissals, the end of a lease period, or the early termination of a lease) and have not removed their personal property, the RLC will make a reasonable attempt to contact the residents.

Residents who have not vacated as scheduled, at the end of a lease period, or its early termination, will be charged for each day they remain. If after 48 hours the resident has not vacated, personal property will be removed and stored at the resident's expense if arrangements are made. If no arrangements are made these items are considered abandoned and disposed of by housing staff.

Residents will be billed \$20.00 an hour per employee involved in the removal of their personal property (\$50.00 minimum), and a monthly storage fee may be assessed. Personal property removed by the RLC will be stored for 30 days. After 30 days, items are considered abandoned and donated to charity or discarded at HU's sole discretion. HU is not liable for damage to, or loss of, a student's personal property that might occur during removal or disposal. Residents are billed for all costs incurred in removing personal property and restoration of the suite to usable space.

### ***Requesting a Change in Your Suite Assignment***

Residents who wish to change to another suite must meet with the RLC and explain the reason(s) why the current suite assignment is unsuitable. If space is available, the RLC has the discretion to move the student that requested a suite change. If a suite change is approved, and a student does not move (including checking out of a current suite) within the timeframe, a student may be charged for both spaces. All room changes MUST go through a mandatory roommate mediation process. This mediation is to ensure that all parties understand the reason for the suite change to mitigate any ill feelings or concerns.

### ***Roommate Conflict and Mediation***

In the event of a disagreement between roommates that does not violate any conduct policies, all roommates must collectively meet with an RA to discuss the issue. If a resolution is not achieved through the efforts of an RA, the roommates will then meet with the RLC. If, the situation remains unresolved, the roommates will meet with the RLC and the AD.

Resident conflicts must be attempted to be resolved. Residents are expected to resolve disputes in a cooperative manner. Fights will not be tolerated in any facility and may be processed through the conduct system. Residents are encouraged to seek staff assistance to mediate disputes when necessary.

If a situation can only be resolved by moving a student to a new space, the AD and RLC will offer a new housing assignment to the person who initiated the roommate mediation and grievance. The Office of Residence Life will support the students any way they can during this transition. There are very few situations where a move can or will occur without mediation but in such circumstances, the decision is at the sole discretion of the AD and RLC.

### ***Vacancies and Consolidation***

HU has the right to assign, reassign, and adjust the occupancy of rooms. If a vacancy occurs in a resident's room, the resident may receive a consolidation notice detailing the following options:

- Retain the room as a single unless the space is needed to solve an occupancy overage.
- Consolidate by moving to another partially occupied room on campus.
- Remain in the room with the understanding that the vacant space will be assigned as soon as a new student lease or a current resident indicates an interest in moving to that vacant space. The room should be prepared to receive a roommate at any time.

### ***Lease Payments***

Residents receive bills from their lease provider. This may be HU or HU's affiliate. Payment options are outlined in the lease terms. Late fees and finance charges are assessed according to the lease terms.

### ***Lease Renewal***

Residence leases are for one academic year only. Early in the spring semester, residents may reserve space for the next academic year.

### ***Cancellation of Lease***

Housing leases are for the academic year. Cancellation after the start of the academic year is permitted under the following circumstances:

- Loss of student status, withdrawal or dismissal from housing property or from HU, or failure to enroll or re-enroll. Students are required to vacate the residence and to cease using residential facilities upon withdrawing from HU. A student remaining in the facility after the official date of withdrawal from HU must pay for all charges incurred after this date. Federal or state student financial aid cannot be used to pay these charges;
- Completion of graduation requirements during the term of the lease; or
- Unusual and compelling circumstances which, in the judgment of the RLC, entitles the resident to special consideration.

Residents seeking a lease cancellation must submit their request to the RLC. A detailed, written explanation and documentation are required.

### ***Vacation Periods***

Over vacation periods (fall break and spring break), all resident rooms (guest and permanent rooms) are entered as a safety measure to ensure that closing procedures were followed. Residence life staff will process policy violations in plain view and reserves the right to remove or remediate any hazardous or dangerous items or conditions. Dangerous or hazardous items will not be retained. These violations will be resolved through the conduct or housing standards process upon the resident's return.

The right to stay in HU-affiliated housing when HU is out of session such as during fall and spring breaks, Thanksgiving, and winter break, is a privilege. HU reserves the right to withhold that privilege in its sole discretion. Residence life staff will notify students if they are required to leave HU housing during break periods especially since limited housing staff are available. Basic housing functions must be suspended or limited during these times.

### ***Care of University Property***

The resident is responsible for keeping HU owned equipment and furnishings in good condition. HU encourages residents to carry personal property and liability insurance. HU assumes no responsibility for loss, damage, or injury to people or property in HU-affiliated housing.

### ***Damage***

Students are financially responsible for any damages, lost property, unusual services, or repairs to their rooms caused by accident, neglect, or intent. When more than one resident occupies the same suite and responsibility for damage or loss in the suite cannot be determined by the RLC, costs will be assessed and divided equally among the suite's residents.

Each resident must complete an inventory form upon checking into the suite. This form will record in detail the condition of the housing unit at check-in time. Residents also are liable for all damages caused by a guest during a visit by a guest.

### ***Insurance***

All residents are encouraged to have a renter's insurance policy. Some homeowners' policies may provide coverage for a student's belongings while away at school. Students are encouraged to discuss insurance coverage with parents and guardians.

## **Safety and Security**

Safety and security are everyone's responsibility. Armed officers from the Harrisburg Police Department conduct rounds of the campus are authorized to enter any HU student affiliated housing facility when a violation of law occurs. The Harrisburg Police Department can be reached at 911 for emergencies and (717) 558-6900 for non-emergencies. If you become aware of a crime, observe a suspicious person, or are a victim yourself, promptly report all emergencies to housing staff and the police. A resident is subject to arrest and prosecution for a violation of law.

**Students living in HU-affiliated housing have access to an on-call number for housing questions and emergencies. This number is posted on each floor by the elevator and stairwell as well as located in the lobby of each facility.**

## **Emergency Procedures**

In the event of a fire, medical, or other emergency, or if you need the police or ambulance, ensure you are in a safe location and then dial 911. Then call the housing on-call number or the staff member on call. Maintenance emergencies should be reported to a staff member immediately, including broken pipes, water leaks, flooded toilets, broken windows, broken heaters, and electrical short-circuits.

### ***a. Fire emergency Evacuation***

When the fire alarm sounds, every resident is required to leave the building at once using the nearest stairway exit.

First feel your door from top to bottom (follow this procedure for all closed doors you encounter).

If the door feels cool:

- Crouch low and open door slowly. Close door quickly if heavy smoke or fire is present.
- If visibility permits, take your key and close your door.
- Leave the building by the stairways. Stay as low as possible if smoky conditions exist (crawl if necessary).
- If you encounter heavy smoke in a stairwell, go back and use another set of stairs.
- Never use the elevator during a fire alarm. You may become trapped.
- Return to the building only when officials tell you it is safe.

If the door feels hot:

- Do not open the door.
- If possible, call 911 and report your situation and location. Stay off the phone after calling 911 as fire officials may try to reach you.
- Wedge wet towels or clothing under and against the bottom of the door to keep smoke out.
- Keep a soaked towel over your head.
- Open a window and hang out a bed sheet to call attention to your location. Close the window on the sheet if necessary, to keep smoke from entering in through the window.
- Stay low until help arrives.

### ***b. Reporting a Fire***

- In the event of a fire, you should immediately activate a building fire alarm, which alerts building staff and all residents of impending danger.
- Call 911 to report the fire and notify staff of the location of the fire.
- Evacuate, if possible, and stay clear of the building.

### *c. Smoke Detectors/Fire Safety Equipment*

A smoke detector is provided in every suite and is operated electrically. Individual unit smoke detectors will activate the general building alarms. Do not test or tamper with smoke detectors. Smoke detector problems should be reported immediately.

Tampering with fire safety equipment or purposely activating a false alarm violates state and local laws. Either can be considered cause for a resident's removal. Smoke alarms and sprinkler heads are considered fire safety equipment and should not be tampered with. A fire extinguisher that has been tampered with or unnecessarily discharged will result in disciplinary action; sanctions include possible removal from student housing and clean-up charges.

### *d. Designated Emergency Assembly Areas*

In the event of an emergency requiring a building's evacuation including but not limited to fire, those in the following buildings should assemble in the designated emergency evacuation area unless otherwise directed:

- HU Academic Building (326 Market): Lawn of The Forum and Finance Buildings to the rear of 326 Market (Fourth and Walnut Street)
- 225 Market Building: The lawn of the Harrisburg Train Station (Fourth and Market)
- Career Center in Strawberry Square: The lawn of the Harrisburg Train Station (Fourth and Market)
- Residences on Market: The lawn of the Harrisburg Train Station (Fourth and Market)
- Whitaker Center: Lawn of The Forum and Finance Buildings to the rear of 326 Market (Fourth and Walnut Street)
- International House: The lawn of the Harrisburg Train Station (Fourth and Market)
- Market View Place: The lawn of the Harrisburg Train Station (Fourth and Market)
- Esports Housing, 28 South Dewberry: The lawn of the Harrisburg Train Station (Fourth and Market)
- Blackberry: The lawn of the Harrisburg Train Station (Fourth and Market)
- Steelton-Highspire Aquaponics Research Facilities: The parking area in the front of the high school.

## **Emergency Notification System**

HU's emergency notification system alerts subscribers of important safety and security information. All students are encouraged to subscribe to this service through <https://ithelp.harrisburgu.edu/support/solutions/articles/44001699794-emergency-alerts-omnilert>

### *Missing Student Notification*

If anyone has a reason to believe that a student residing in campus-affiliated housing is missing, they should immediately report it to HU residential life staff, including AD, RLD, and Ras, or

contact HU Campus Security at 717-901-5180. If HU determines that a student is missing, it will notify the Harrisburg Police Department or other local law enforcement agencies, regardless of whether the student has identified a missing person. HU will also notify the Director of Student Services or a designee. The Director of Student Services or a designee will notify the student's emergency contact within 24 hours after it is determined that the student is missing. If the missing student is less than 18 and not emancipated, the Director of Student Services will immediately notify the student's parent or guardian in addition to his or her designated contact.

The HU Philadelphia location does not have student housing facilities

## **Expectations and Responsibilities of Residents**

### ***Guests/Visitation***

Guests are a privilege for residents living in HU-affiliated housing. All housing is subject to a 48-hour visitation limit. The Guest Sign-In Link is at: <https://goo.gl/forms/zpq5MoukYn3ml0FZ2>.

**ALL** guests of resident in HU affiliated housing **MUST** register with HU before entering the property. **ONLY** residents and HU staff have access to housing property with the use of their IDs. Any guests of residents, including but not limited to, boyfriends, girlfriends, significant others, parents, siblings, family members, non-resident friends, and non-resident students, **MUST** sign register before visiting. This applies to visits of **ANY** length and is not limited to overnight visits only.

It is the responsibility of the 'host resident' to register their guest(s). All guests remain the responsibility of their host resident.

The link to register guests that is noted above is available on the "Housing" tab on MyHU and the Residence Life Facebook page. Alternatively, you may also register guests on the sign in sheets on the bulletin boards at each building.

Individuals on housing property that are not registered or claimed a guest by any host resident may be directed by HU staff, facility management staff, or security staff, to vacate the property. HU staff, facility management staff, and security staff have the right to ask ANY individual on housing property to see valid credentials (ID) to confirm they are registered guests, and to determine their eligibility to remain on Housing property.

Failure to comply with guest registration rules can result in fines and/or disciplinary actions to host resident and guests. Guests in violation of HU policy could be restricted or banned from entering housing property and reported to the police.

Residents should consider the following when inviting guests:

- Having guests is a privilege. The resident is always responsible for any guest(s) and ensuring that the guest's conduct is appropriate, not disruptive to the community, or disrespectful to the rights of any other resident.
- When in conflict, a resident's right to privacy prevails over a resident's right for guests.
- Guests must be escorted by the resident host. Only a resident of the community can serve as the host.
- Guests are expected to abide by federal, state, and local laws, as well as all HU policies. Guests who violate any laws, HU policies, or are disruptive to the community may be asked to leave by a student housing staff member. Residents will be held responsible for the actions of their guests.
- A resident may host a guest in his or her room or suite with prior express consent of all roommates.
- Only leased residents assigned to a specific suite may live there.
- Co-habitation is strictly prohibited. A guest may not stay more than two consecutive nights in any suite without prior approval from the RLC.
- Guests may not sleep in any public area of the facility.
- Guest privileges may be restricted or revoked by the RLC for residents who do not abide by these principles.

### ***Quiet Hours Policy***

Quiet hours must be observed from 11:00 p.m. to 9:00 a.m. daily, including weekends. Additional quiet hours may be established by a floor. In order to provide optimal living conditions, there is a 24-hour quiet consideration policy. Noise should be kept at a level that does not infringe on other residents' rights. Residents should respect each other's expectations. If a resident is too loud and is unresponsive to a request to lower noise, the student should contact a Resident Life staff member. A general guideline is that if noise can be heard outside a room or suite, it is probably too loud. During final examinations, a 24-hour quiet hours policy is in effect. Residents or guests who violate this policy may be asked to vacate the space immediately. Chronic violations by a resident may result in permanent removal from the housing facility.

### ***Security***

Propping doors open, blocking fire exits or fire exit signage, or obstructing hallways threaten the security of all residents. Exterior doors should never be propped open. Guests should always be escorted. Security and visitation policies should be followed. Security concerns should be reported to student housing staff immediately.

### ***Room Entry/Search***

Residents have a right to privacy and are protected against unreasonable searches of their rooms. Student housing staff may enter a resident's room or suite without notice in emergencies where imminent danger to life, safety, health, or property is reasonably feared for the resident or the general community. Residents who submit a maintenance request have invited staff to enter their residences to perform requested maintenance. To maintain an environment that facilitates academic success of other residents, staff also will enter a room to turn off an alarm, stereo, television, or other item left unattended that is causing a disturbance. Before entering a room, staff will attempt to locate the residents.

### ***Lost and Found***

Items turned into the RLC office will be held for 30 days. Unclaimed items will be donated to charity or discarded at HU's sole discretion.

### ***Lost Keys and Lock Outs***

If a student loses a key, the student should immediately inform a staff member so that the room can be secured including the filing of a work order to request new keys. Lost keys will result in a lock change and associated costs.

If a student is locked out of room, the student should notify Residence Life staff. There are RAs on duty daily that can assist with reentering a room with proper identification.

### ***Improper Check-out or Room Change***

Residents must follow check-in and checkout procedures. Room changes must be requested and approved by Resident Life staff. To properly check out of your suite, schedule an appointment with the RLC, remove your belongings, clean the space, attend the checkout appointment, and turn in your key. Failure to follow these procedures will result in charges as explained in this chapter of the handbook.

### ***Pets***

Pets are prohibited. Excluding those service/support animals that are legally required, only fish in aquariums are permitted as pets but restricted to a maximum 25-gallon tank. All other animals, birds, reptiles, and amphibians are prohibited.

### ***Meningitis***

Students are required to provide proof of meningitis vaccines prior to moving in, as directed by the Office of Records and Registration. If a student wishes not to receive the vaccine, they must sign a waiver provided by the Office of records and Registration to be allowed to move in.

NO student who fails to either sign a waiver or provide proof will be allowed to occupy HU affiliated housing.

### ***Smoking***

Smoking is prohibited. This includes use of any tobacco product including but not limited to the activities of lit cigarettes, pipes, cigars, chewing tobacco, and vape or electronic cigarettes. HU is a smoke free facility.

### ***Indoor Sports***

Indoor sporting activities is prohibited. Residents and their guests may not engage in any sports or sports-related activities within rooms, suites, lounges, stairwells, or other public areas. The act of playing sports or sport-related activities in a confined area such as those listed above can lead to injury or damage to personal or HU property.

### ***Storage***

Storage of personal property in a public area of a building is prohibited. No personal property is to be stored outside the residential unit, in stairwells, or common areas outside of the residential unit. Items stored in public locations will be periodically removed by the staff and discarded at their sole discretion.

### ***Trash Management***

Careless trash disposal is prohibited. Dumping or leaving trash in areas other than those designated for trash disposal is prohibited.

## **Moving Out**

All residents are expected to leave their room and suite in good condition, clean, with furniture in its original place. Staff will conduct a final inspection of the space as part of the mandatory moving out procedure. You must return ALL keys to complete checkout.

The checkout process takes only a few minutes and includes turning in your keys, having your suite checked for any damages or missing items, and completing a forwarding address card. Failure to follow this procedure may result in a charge for cleaning, a bill for a lock change, or other charges.

### ***a. Cleaning Your Room/Suite***

- Before your checkout appointment, all belongings should be removed.
- Thoroughly clean the area.
  - Wipe all surfaces, including walls if needed, and sweep floor.
  - Mop floor.
  - Clean the suite bathroom including the mirror, toilet, sink, shower door, and bath with appropriate commercial cleaners.
  - Sweep the closet, wipe out drawers, and leave closet doors open.

- Remove all writing, putty, nails, decals, and tape from walls, doors, and ceiling without damaging the paint.
- Remove trash. Empty and wash trashcans. See the RLC or refer to posted signs for the proper location for discarding large trash items. Large trash items should not be left in your room or the hallway.
- Clean and secure windows. Clean off all tape and signs from windows. Lock windows. Window blinds should be down with slats open.
- Arrange furniture. All original room furniture must be in the room and properly assembled. Return beds to original placement.
- Return any dishes or utensils you borrowed.
- Turn room heating and cooling unit to low. Fan and temperature range should be left off or on lowest settings.
- Clean the hallway outside your room. All personal belongings and any trash should be removed from this area.

To avoid cleaning charges when vacating the suite, all residents should clean before moving out. Please follow the following cleaning checklist:

***NOTE: For stovetops, exhaust hood, counter tops, refrigerator exterior, walls, and light fixtures, use cleansers such as Pine Sol, Glass Plus, Mr. Clean, or Fantastic. Cleaning products listed are suggestions, not endorsements. It is recommended that rubber gloves be worn for all cleaning activities.***

- Kitchen
  - Oven - clean and remove grease and food stains. NOTE: Commercial cleaners such as Easy Off can be used for oven interiors. Do not use these cleaners on oven exteriors; the paint will come off.
  - Stove top – use a recommended, gentle cleaner
  - Exhaust hood - remove grease
  - Refrigerator - clean inside and outside, defrost. NOTE: Use a mixture of vinegar and water or baking soda and water for the refrigerator interior.
  - Sink area - remove stains and food particles
  - Cabinets - wipe interiors and exteriors with a gentle cleaner
  - Floors - mop, avoiding build-up on edges
  - Countertops - remove grease and stains, wash backsplash
  - Walls - remove stains and fingerprints.
- Bathroom
  - Toilet bowl, tank, seat - remove any stains and scrub thoroughly. NOTE: For the toilet, use cleaners like Lysol Toilet Bowl Cleaner.

- Tub - scrub clean, remove residue. NOTE: Tub and tile cleaners like Soft scrub or Scrub free Dow are designed for bathtubs and showers. Scrub hard to remove any residue.
  - Shower - scrub clean, remove residue, launder shower curtain
  - Wall tiles - scrub clean, remove residue
  - Sink area - scrub clean
  - Medicine cabinets - clean inside and mirror
  - Plumbing fixtures - wipe clean
  - Floor - mop, avoiding build-up on edges
- Living Room, Halls & Bedrooms
    - Interiors - remove all trash and personal items
    - Floors - sweep and mop, avoiding build-up on edges. NOTE: After sweeping, use Mr. Clean, Pine Sol, or Spic & Span with a sponge mop for vinyl or tile floors.
    - Carpets - vacuum thoroughly
    - Walls - wipe clean, remove fingerprints from light switches. Note: Do not scrub too hard on walls and other painted areas.
    - Windows - wash insides of windows, dust mini-blinds. NOTE: Wash windows with Windex or vinegar-water and wipe dry with newspaper or paper towels.
    - Furniture - dust, vacuum upholstery
    - Storage closet - wipe clean, mop floor
    - Doors - wipe clean
  - Suite Exterior
    - Sweep clean and remove trash from the area
    - All personal items should be removed from the suite exterior and stairwells

You will be charged for inadequate or incomplete cleaning. All general cleaning will be charged at an hourly rate.

If additional cleaning is necessary, residents will be assessed cleaning charges. Excessive soil or conditions requiring extensive cleaning time will result in increased charges. Damage charges will reflect the cost of replacement materials only; labor charges are assessed on an hourly basis. Charges will result if staff is required to do any cleaning from the above list. Charges will also result if any repairs are needed.

## APPENDIX A. ANTI-HAZING POLICY

### Purpose

Harrisburg University of Science and Technology (HU) does not tolerate hazing. Any student, student group, student organization, team, or other persons associated with a student organization found responsible of *hazing*, *aggravated hazing*, or *organizational hazing* under this Policy, whether occurring on or off campus, may face disciplinary action from HU, and may also face criminal charges under state law, including The Timothy J. Piazza Anti-hazing Law, 18 Pa. C.S. § 2801, et seq.

Pennsylvania law, 18 Pa. C.S. § 2808(a)(1) requires institutions to "adopt a written policy against hazing" and "adopt rules prohibiting students or other persons associated with an organization operating under the sanction of or recognized as an organization by the institution or secondary school from engaging in hazing or an offense under this chapter."

The purpose of this policy is to state HU's Anti-Hazing Policy; identify how HU will enforce this Policy; and identify resources for reporting violations of this Policy. This policy will be posted on HU's publicly accessible Internet website, be attached as an appendix to its student code of conduct and circulate to all HU organizations as required by statute.

### Definitions

#### *Aggravated Hazing*

A person commits the offense of aggravated hazing if the person commits a violation of Hazing that results in serious bodily injury or death to the minor or student; and

- (1) The person acts with reckless indifference to the health and safety of the minor or student;  
or
- (2) The person causes, coerces, or forces the consumption of an alcoholic liquid or drug by the minor or student.

#### *Hazing*

An intentional, knowing, or reckless act, for the purpose of initiating, admitting or affiliating a minor or student into or with an organization, or for the purpose of continuing or enhancing a minor or student's membership or status in an organization, causes, coerces, or forces a minor or student to do any of the items listed below:

- (1) Violate Federal or State criminal law;
- (2) Consume any food, liquid, alcoholic liquid, drug or other substance which subjects the minor or student to a risk of emotional or physical harm;
- (3) Endure brutality of a physical nature, including whipping, beating, branding, calisthenics or exposure to the elements;
- (4) Endure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment;
- (5) Endure brutality of a sexual nature;
- (6) Endure any other activity that creates a reasonable likelihood of bodily injury to the minor or student.

Hazing does not include reasonable and customary athletic, law enforcement or military training, contests, competitions or events.

## **Organization**

- (1) A recognized or unrecognized fraternity, sorority, association, corporation, order, society, corps, club or service, social or similar group, whose members are primarily minors, HU students, HU alumni, or alumni of an organization.
- (2) A national or international organization with which a fraternity or sorority or other organization as enumerated under paragraph (1) is affiliated.

### ***Organizational Hazing***

An organization commits the offence of organizational hazing if the organization intentionally, knowingly, or recklessly promotes or facilitates a violation of hazing or aggravated hazing.

### ***Other persons associated with an organization***

Any individual who assists students and organizations including but not limited to advisors, alumni, coaches, representatives of national or parent organizations, including but not limited to, its directors, trustees, or officers.

### ***Student***

An individual who attends, has applied to attend, or has been admitted to HU.

## **Application**

This Policy applies to any acts of hazing, aggravated hazing, or organizational hazing occurring for each act conducted on or off campus.

## **Prohibited Acts**

Hazing, aggravated hazing, and organizational hazing are each prohibited by this Policy. It shall not be a defense to these acts that the consent of the minor or student was sought or obtained or that the conduct was sanctioned or approved by an organization.

## **Reporting Violations**

HU encourages all members of its community who believe that they have witnessed, experienced, or are aware of conduct that constitutes hazing, aggravated hazing, or organizational hazing in violation of this Policy to report the violation to Melissa Morgan, Director of Student Services at 717-901-5149 or [MMorgan@HarrisburgU.edu](mailto:MMorgan@HarrisburgU.edu).

## **Enforcement**

Any substantiated violation of this Policy shall be deemed a violation of HU's Student Code of Conduct and Pennsylvania law. All allegations of hazing, aggravated hazing, or organizational hazing will be investigated as outlined in HU's Student Code of Conduct.

## **Sanctions**

Anyone found responsible for violating this Policy may face disciplinary action including expulsion from the University. In addition to all sanctions provided under HU's Student Code of Conduct, those found responsible for violating this policy may also face the additional sanctions of the following:

- (1) The imposition of fines;
- (2) The withholding of diplomas or transcripts pending compliance with the rules or payment of fines;
- (3) The rescission of permission for the organization to operate on campus or school property or to otherwise operate under the sanction or recognition of the institution or secondary school;
- (4) The imposition of probation, suspension, dismissal or expulsion;
- (5) The issuance of no trespassing notices to any third parties not under the control of HU;
- (6) Employee discipline up to and including termination;

(7) Reporting of incident to law enforcement.

### **HU Biannual Report**

HU will maintain a report of all violations of this Policy or of Federal or State laws related to hazing that are reported to HU. HU interprets violations to mean substantiated violations. HU will update the report biannually on January 1 and August 1 and will post all updated reports on its publicly accessible Internet website.

HU will maintain each report for a period of five years.

Appeal decisions will be issued as expeditiously as possible and usually within 21 days, though this may vary based on the scope of the appeal or unforeseen circumstances.

The reviewer may review the full case beyond the aspects of the case outlined in the request for appeal.

If the reviewer does not find that any of the three grounds for appeal are present in the case, the original outcome of the formal resolution will be upheld.

If the reviewer finds that any appeal ground as substantiated, the outcome may be amended, a new outcome may be issued, or the matter may be returned to the investigator for further consideration.

The outcome of an appeal is final.

## **APPENDIX B. POLICY STATEMENT REGARDING STUDENTS WITH DISABILITIES**

The [Americans with Disabilities Act of 1990 \(ADA\)](#) is a federal anti-discrimination statute which provides civil rights protection to individuals with disabilities in the areas of employment, public accommodations, State and local government services, and telecommunications. The ADA was designed to remove barriers which prevent qualified individuals with disabilities from enjoying the same opportunities that are available to persons without disabilities. Similar protections are provided by Section 504 of the Rehabilitation Act of 1973 (Section 504).

HU is committed to providing equal education opportunity and full participation for persons with disabilities. It is HU's policy that no qualified person be excluded from participating in any HU program or activity, be denied the benefits of any HU program or activity, or otherwise be subject to discrimination regarding any HU program or activity. Toward this end, and in conjunction with the ADA and Section 504, HU provides reasonable accommodations for qualified students with various types of disabilities.

### **Rights and Responsibilities of Students**

Every student with a documented disability has the right to:

- Equal access to courses, programs, services, jobs, activities, and facilities offered at HU;
- Reasonable accommodations, academic adjustments, and/or services determined on a case-by-case basis;
- Appropriate confidentiality of all information regarding a disability and the choice to whom a disability is disclosed except as required or permitted by law;
- Dialogue with HU to arrive at an effective accommodation upon satisfactory documentation;
- Information, reasonably available in accessible formats.

Every student with a documented disability has the obligation to:

- Meet qualifications and essential standards as determined by HU for courses, programs, jobs, services, and facilities;
- Identify as an individual with a disability to the Office of Student Services (Student Services) in a timely manner when seeking an accommodation;

- When seeking accommodations, provide documentation of the disability from an appropriate professional including information about the functional limitations of the disability;
- Follow specific procedures for obtaining reasonable accommodations, academic adjustments, and/or services;
- Communicate requests for accommodations to instructors by providing a letter of identification describing the reasonable accommodations recommended by Student Services as early in the semester as possible.

### **Rights and Responsibilities of HU**

HU has the legal right to:

- Maintain essential standards for courses, programs, services, jobs, activities, and facilities;
- Request current documentation by an appropriate professional and supplied by the student that confirms disability status and supports the need for appropriate accommodations, academic adjustments, and/or services;
- Deny a request for accommodations, academic adjustments, and/or services if documentation does not support a need for the requested service, or if the documentation is not provided in a timely manner;
- Select among equally effective accommodations, academic adjustments and/or services as judged appropriate by HU after interactively engaging with a student;
- Deny a request for an inappropriate or unreasonable accommodation, adjustment, or service including any that poses a direct threat to the health and safety of others, imposes a fundamental alteration to a course or program, or poses an undue burden on HU.

HU has the obligation to:

- Ensure that courses, programs, services, jobs, activities, and facilities, when viewed in their entirety, are offered in the most integrated and appropriate settings;
- Provide information regarding policies and procedures to students with disabilities in accessible formats upon request;
- Evaluate students based on their abilities and not their disabilities;
- Provide or arrange reasonable and appropriate accommodations, academic adjustments, and/or services for students with disabilities upon request;
- Maintain appropriate confidentiality of records and communication regarding students with disabilities, except where permitted or required by law; Inform students when requested accommodations are not available or beyond HU's ability to provide.

## **Documentation**

In order to establish eligibility for accommodative services, Student Services requires documentation that both verifies the existence of disability and provides a rationale for reasonable accommodations. The responsibility and cost of obtaining documentation is borne by the student. If the documentation supplied by the student is insufficient to establish disability or determine appropriate accommodations, Student Services will require the student to provide additional documentation at his/her expense.

## **What Are Accommodations?**

Reasonable accommodations enable qualified students with disabilities to have equal opportunities by the making of adjustments or modifications to courses, programs, services, jobs, activities, or facilities. Therefore, accommodations will be determined in the spirit of removing, to the greatest extent possible, barriers to students' abilities that are created by the interaction between their disabilities and HU's environment, while maintaining essential standards for courses, programs, jobs, services, and facilities. HU is obligated to provide accommodations only to the known limitations of an otherwise qualified disabled student.

Accommodations do not require instructors to adjust evaluations of academic performance. Rather, academic accommodations enable students with disabilities to learn the material presented and instructors to fairly evaluate students' comprehension of the material. It does not eliminate or mitigate course requirements.

Student Services staff will work with otherwise qualified students with disabilities to provide their preferred accommodations. However, in the event that documentation does not support a student's request, or the request is deemed unreasonable, inappropriate, or an undue burden, Student Services will seek appropriate alternatives in consultation with the student and/or the documenting professional(s) and other appropriate professionals as released by the student.

## **Common Accommodations**

Reasonable accommodations are determined on an individual basis and are flexible based upon individual disability needs and the campus environment. The following is a partial list of common accommodations:

- Accessible location/classroom/furniture
- Adaptive technology (e.g., magnifier, screen readers, speech to text software)
- Campus housing access/adjustments
- Priority registration
- Priority seating in classroom
- Alternative formats for text materials

- Allowance for recording devices
- Copies of overheads or lecture notes
- Extended time on exams
- Separate testing area
- Readers/scribes for exams
- Enlarged print on notes or exams
- Use of computer/assistive technology for taking exams
- Sign language/oral interpreters/CART services
- Services

Accommodations, academic adjustments and/or services are provided by HU in adequately documented cases.

### **Procedures for Accessing Accommodations**

Students with disabilities who need accommodations and services must follow these procedures:

#### **Step 1 – Identify Yourself to Student Services**

The student identifies themselves to Student Services to receive the guidelines for documentation of a disability. At this time, Student Services can assist the student in the process of receiving appropriate accommodations.

#### **Step 2 – Submit Your Documentation**

The student provides current documentation from a licensed medical practitioner according to the written guidelines regarding the disability. Documentation should indicate that the impairment is a disability that substantially limits a major life activity.

#### **Step 3 – Wait for Eligibility Determination:**

Beginning in mid-May, all newly submitted documentation for incoming students is reviewed by Office of Disability Services (ODS) staff. If a student's documentation as submitted is insufficient, the student will receive a letter describing why and what is needed in order to determine disability status. If documentation is sufficient and determines eligibility, the student will receive a confirmation letter.

#### **Step 4 – Let Your Needs Be Known:**

It is the student's responsibility to connect with Student Services and discuss what he or she feels is needed to accommodate a disability. Typically, students make an appointment with Student

Services within the first weeks of a semester. However, Student Services welcomes meeting with students over the summer if it is felt this would be helpful to the accommodation process. At this initial meeting, staff work with students to determine what accommodations are needed and reasonable within the context of the courses they are taking, and the medical documentation provided.

- Faculty notification forms are completed with the student outlining what approved accommodations the student is requesting.
- Students are to give these forms to each of their faculty and are encouraged to discuss the nature of their disability and how it impacts them.

**Important Fact:** Faculty are under no obligation to accommodate a student until they are supplied with a Faculty Notification Form generated through the ODS.

### **Step 5 – Stay in Touch!**

It is expected that if a student is experiencing personal, academic, or accommodation related difficulties he or she will communicate with ODS and seek out assistance.

## **Documentation Policies**

It is necessary for students to provide current documentation according to the written guidelines regarding any disability if accommodations are requested. The documentation must be provided on the practitioner's letterhead through mail or in person. HU does not accept scanned or emailed (or faxed) documentation.

School plans such as an Individualized Education Program (IEP) or a 504 Plan are useful but are **NOT** acceptable documentation to establish the need for accommodations.

Each documentation must be from an appropriate health practitioner and include the following:

- 1) Specific diagnosis;
- 2) Functional limitations;
- 3) Evidence to support function limitations;
- 4) Recommended accommodations; and
- 5) Recommendations for other supports, strategies or services that may benefit the individual in a higher education environment.

All files and information are confidential.

## Documentation Policies Specific in Reference to the Particular Disability

Students who have a **learning disability** (such as ADHD), **pervasive developmental disorder**, or any other **specific learning disability** (such as dyslexia) are requested to have medical documentation that is current within three years. This information may be provided by *certified school psychologists, licensed psychologists, licensed clinical psychologists, and other relevantly trained professionals*.

Students who suffer with a **psychiatric disability** are requested to have documentation that is current within three years. This information may be provided by *licensed psychologists, licensed clinical psychologists, licensed professional counselor-mental health, psychiatrists and other relevantly trained medical personnel*.

Lastly, a student who may suffer a **physical impairment** (such as vision, hearing or mobility) is required to produce a form of documentation that is current within five years. This information may be provided by *licensed physicians with expertise in the area of disability (such as a neurologist, orthopedist, ophthalmologist, etc.)*

All documentation is confidential and should be submitted in person or by mailing to:

Office of Disability Services  
Harrisburg University of Science and Technology  
326 Market Street  
Harrisburg, PA 17101

If you have questions regarding our documentation policy and guidelines, email Student Services at [ada@HarrisburgU.edu](mailto:ada@HarrisburgU.edu).

## Differences between Accommodations in High School and College

- In **HIGH SCHOOL**, accommodations are focused on creation of an Individualized Education Plan (IEP) that will help the student participate in the general curriculum as much as possible. In **COLLEGE**, the focus is on outlining accommodations without regard to goals or progress.
- In **HIGH SCHOOL**, accommodations are initiated by the administration. In **COLLEGE**, the student is responsible for meeting with student services and with instructors to discuss their needs and concerns.
- In **COLLEGE**, faculty are **NOT** required nor encouraged to fundamentally alter the content or goals of their courses or the material that is being tested, though they may be required to make changes that do not affect essential content or goals or the form of testing.
- In **COLLEGE**, faculty receive a brief summary of a student's disability in an accommodation letter but are not given access to specific diagnostic data unless provided by the student.

## **Service Animals and Emotional Support Animals on Campus**

### **Definitions**

#### ***Service Animal:***

A service animal as per the ADA is defined as: “Any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the owner's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, . . . retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.”

#### ***Emotional Support Animal***

The Fair Housing Act defines an emotional support animal (ESA) as any animal that provides emotional support, well-being, or companionship that alleviates or mitigates symptoms of the disability; the animal is not individually trained. Emotional support animals are not limited to dogs and can be other species of animal. Emotional support animals are not considered service animals.

### **A. Service Animals on Campus**

For an individual to qualify for having a service animal on campus:

1. The student must have a disability as defined by the ADA;
2. The accompanying animal must be trained to do specific tasks for the qualified individual;
3. Students must register with the Accessibility Services office if the service animal will be housed on the campus so that accommodations can be coordinated; and
4. Must contact Accessibility and Residential Life as early as possible to permit time to gather and review all necessary documentation.

If the definition of a service animal is not met, then the use of the animal as emotional support may be allowed as a reasonable accommodation.

## **B. Emotional Support Animals on Campus**

Emotional Support Animals are not permitted in academic or administrative buildings. ESA's are admitted in residential housing in accordance with the Fair Housing Act. For a student to qualify to have an emotional support animal in their residence hall the student must contact the leasing authority directly.

# APPENDIX C. DRUG AND ALCOHOL PREVENTION AND EDUCATION POLICY<sup>12</sup>

**Functional Offices: President  
Academic Affairs  
Finance and Administration  
Student Services  
Security**

## **Purpose, Objective, and Scope**

Harrisburg University of Science and Technology (HU) is committed to maintaining a healthy work and educational environment. This Drug and Alcohol Abuse Prevention and Education Policy (Policy) emphasizes individual and shared responsibility, healthy and informed decision-making, maintaining a caring environment, and the promotion of genuine dialogue on the excessive and/or illegal use of alcohol and drugs, also known as controlled substances.

This policy applies to all HU students and employees.

## **Definitions**

*Student:* any person taking one or more classes for any type of academic credit except for continuing education units, regardless of the length of the student's program of study.

*Employee:* any person that is a member of the faculty, staff, or student receiving a salary, wages, other compensation and/or stipend support from HU.

## **Prohibited Behaviors Concerning Drugs and Alcohol**

### **A. *Alcohol Usage***

HU encourages its members to make responsible decisions about the use of alcoholic beverages, and to promote safe, legal, and healthy patterns of social interaction.

The President, Vice Presidents, Associate Vice Presidents, Associate Provosts and heads of administrative areas have the authority and responsibility to govern the use of alcohol in areas they

---

<sup>12</sup> In accordance with The Drug Free Schools and Campuses Act, and The Drug Free Schools and Communities Act, no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any federal funded or guaranteed student loan program, unless it has adopted and has implemented a program to prevent the use of illicit drugs and abuse of alcohol by students and employees.

control and to ensure that at events where alcohol will be served in such areas, only legal age individuals will have access to such alcohol. Further, those hosting such events must take reasonable steps to ensure that the acquisition, distribution and consumption of alcohol otherwise complies with applicable law and university policy.

At any event at which alcohol will be served, sufficient quantities of non-alcoholic beverages and food must also be available to guests without cost.

Consistent with Pennsylvania law, advertisements of social events shall not promote nor describe the availability of alcoholic beverages nor promote the consumption of alcohol by minors.

Ordinarily, consumption of alcoholic beverages in outdoor public areas such as walkways, unenclosed patios, green spaces, and the like is not permitted regardless of the age of the drinker. However, appropriate administrators may grant exceptions to this guideline on an event-by-event basis. Exceptions will be granted only for those events where an overwhelming majority of those reasonably expected to attend an event are of legal drinking age. Events for which exceptions have been granted must be limited to areas that are clearly demarcated and in which it is possible to exercise adequate control of access to and consumption of alcohol.

#### ***B. Prohibited Behavior Involving Alcohol***

HU prohibits the following regarding alcohol usage, distribution, possession, and manufacturing:

- The possession and/or consumption of alcoholic beverages by persons under the age of twenty-one on property owned or controlled by HU or as part of any HU activity;
- The intentional and knowing sale of, or intentional and knowing furnishing (as defined by Pennsylvania law) of alcoholic beverages to persons under the age of twenty-one or to persons obviously inebriated on property owned or controlled by HU or as part of any HU activity. Pennsylvania law currently defines "furnish" as "to supply, give, or provide to, or allow a minor to possess on premises or property owned or controlled by the person charged;"
- The consumption of alcoholic beverages by any HU students and/or employees so as to adversely affect academic or job performance and/or endanger the physical well-being of other persons and/or oneself, and/or which leads to damage of property; and
- The possession, sale, distribution, promotion or consumption of an alcoholic beverage in a manner that constitutes a violation of federal, state or local law, including the sale, directly or indirectly, of any alcoholic beverages at a premise or by an entity not licensed for such sales on property owned or controlled by HU or as part of any HU activity.

In cases of intoxication and/or alcohol poisoning, the primary concern is the health and safety of the individual(s) involved. An individual is strongly encouraged to call for medical assistance when needed or for anyone who is dangerously intoxicated. No student seeking medical treatment for a medical emergency involving alcohol will be subject to HU discipline for the sole violation of using or possessing alcohol. This policy shall extend to another student seeking help for the intoxicated student.

### ***C. Prohibited Behavior Regarding Drugs/Controlled Substances***

HU prohibits the following regarding drugs/controlled substances:

- The possession and/or consumption of illegal drugs or unprescribed controlled substances on property owned or controlled by HU or as part of any HU activity;
- The intentional and knowing sale of, or intentional and knowing furnishing (as defined by Pennsylvania law) of illegal drugs or unprescribed controlled substances to any person on property owned or controlled by HU or as part of any HU activity. Pennsylvania law currently defines "furnish" as "to supply, give, or provide to, or allow a minor to possess on premises or property owned or controlled by the person charged;"
- The consumption of illegal drugs or unprescribed controlled substances by any HU students and/or employees so as to adversely affect academic or job performance and/or endanger the physical well-being of other persons and/or oneself, and/or which leads to damage of property; and
- The possession, sale, distribution, promotion or consumption of illegal drugs or unprescribed controlled substances in a manner that constitutes a violation of federal, state or local law, including the sale, directly or indirectly, of any illegal drugs or unprescribed controlled substances at a premise or by an entity not licensed for such sales on property owned or controlled by HU or as part of any HU activity.

In cases of a drug overdose, the primary concern is the health and safety of the individual(s) involved. An individual is strongly encouraged to call for medical assistance when needed or for anyone who has possibly overdosed. No student seeking medical treatment for a medical emergency involving illegal drugs or unprescribed controlled substances will be subject to HU discipline for the sole violation of using or possessing illegal drugs or unprescribed controlled substances. This policy shall extend to another student seeking help for any student.

### **Reporting Violations of Alcohol and/or Drug Usage**

Employees should report behaviors prohibited by this policy to their immediate supervisor for whom they work, who will bring the matter to the attention of the Office of Human Resources.

Students and student employees should report violations to any member of the Office of Student Life.

### **Sanctions**

Sanctions will be imposed on students or employees who violate federal or state laws, or this Policy. Laws regarding the possession, use or sale of alcohol or drugs, whether on or off-campus, and are expected to comply with this policy. Any student or employee who violates this Policy or applicable law may be subject to disciplinary sanctions and/or referral to law enforcement.

Disciplinary sanctions for students range from disciplinary warning to expulsion. The severity of the sanctions will depend, in part, on whether there have been repeated violations and on the seriousness of the misconduct. Sanctions are outlined within the Student Handbook.

Employees found to be in violation of this policy or applicable law will be subject to HU disciplinary procedures which may impose sanctions up to and including termination from employment and/or referral to law enforcement. Sanctions are outlined in the Employee Handbook.

Along with disciplinary consequences, HU is committed to providing treatment and education as appropriate to assist members of the community. HU may require of students or employees satisfactory participation in a drug abuse assistance or rehabilitation program approved for such purpose by a federal, state, or local health, law enforcement, or other appropriate agency prior to returning to studies or employment duties.

## **Support Systems and Resources for those Struggling with Dependency Issues**

HU desires to assist members of its community who have a drug or alcohol-related problem.

For employees, support services and resources are available through health insurance plans to assist staff and faculty who are experiencing problems with chemical dependency. Individuals can speak with their primary care physician or their health carrier's member services department to access those resources.

The Student Services Office provides referral services which can provide assistance to students with substance-abuse problems. These programs can provide students and employees with more information about the dangers of drug and alcohol abuse and make referrals to other services throughout the community.

The following resources are available to students and employees seeking help with drug and alcohol related problems. These resources can provide information or refer treatment services, counseling, or support groups.

## **HU Community Education on Substance Abuse**

This policy will be distributed to all employees and students as part of HU's Annual Security Report issued annually on or before October 1 pursuant to The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). Furthermore, for those students and employees who join the HU community after October 1, additional distributions will occur to those new to the community on January 31 and May 31.

Furthermore, in odd-numbered years, HU will conduct a biennial review of educational programming concerning alcohol and drug usage to determine its effectiveness and implement changes to the program if they are needed; and to ensure that the disciplinary sanctions are consistently enforced. The report will be published on HU's public website and various internal sites available to students and employees.

The following information is included in the Appendices of this Policy for educational purposes:

Appendix A: Possible Effects of Substance Abuse and Physical Signs of Drug Abuse

Appendix B: Symptoms and Progression of Alcoholism

Appendix C: Federal Penalties and Sanctions for Illegal Possession of a Controlled Substance

Appendix D: State Penalties and Sanctions for Unlawful Use of Alcohol

Appendix E: State Penalties and Sanctions for Drug Possession

## APPENDIX A-DAAPP

### *Possible Effects of Substance Abuse and Physical Signs of Drug Abuse*

<u>SUBSTANCE</u>	<u>POSSIBLE EFFECTS</u>
Alcohol	Toxic Psychosis, Neurological and Liver Damage, Fetal Alcohol Syndrome
Marijuana	Bronchitis, Conjunctivitis, Possible Birth Defects
Amphetamines	Loss of Appetite, Delusions, Hallucinations, Toxic Psychosis
Nonprescription Stimulants	Hypertension, Stroke, Heart Problems
Cocaine	Loss of Appetite, Depression, Convulsions, Nasal Passage Injury, Heart Attack, Stroke, Seizure
Cocaine Free Base	Weight Loss, Depression, Hypertension, Hallucinations, Psychosis, Chronic Cough
Barbiturates	Severe Withdrawal Symptoms, Possible Convulsions, Toxic Psychosis
Methaqualone	Coma, Convulsions
Heroin	Addiction, Constipation, Loss of Appetite
Analogues of Synthetic Narcotics	Addiction, MPTP Induced, Parkinsonism
Morphine	Addiction, Constipation, Loss of Appetite
Codeine	Addiction, Constipation, Loss of Appetite
Oxycodone	Addiction, Constipation, Loss of Appetite
Meperidine	Addiction, Constipation, Loss of Appetite
Methadone	Addiction, Constipation, Loss of Appetite
Inhalants	Impaired Perception, Coordination, Judgment, Toxicity from Solvent, Impurities
Nitrous Oxide	Kidney or Liver Damage, Peripheral Neuropathy, Spontaneous Abortion
LSD	May Intensify Existing Psychosis, Panic Reactions
Mescaline	Milder than LSD

MDA, MDE, MDMA, MMDA	Neurotoxin
Psilocybin PCP	Milder than LSD Psychotic Behavior, Violent Acts, Psychosis
Tobacco	Loss of Appetite, Addictive, Lung Cancer, Effects on Fetus

***Physical Signs of Drug Abuse***

<u>SUBSTANCE *</u>	<u>PHYSICAL SIGNS OF USE/ ASSOCIATED PARAPHERNALIA **</u>	<u>BEHAVIORAL SIGNS OF USE **</u>
Anabolic Steroids	Enlargement of muscle masses, weight gain, fluid retention, high blood pressure, atherosclerosis, increased plasma lipids, shrunken testes, liver disease, stroke, heart attack, death. Needles, syringes.	Stimulation, aggressive behavior, increased energy.
Cannabis Marijuana, hashish, (pot, dope, reefer, sinsemilla)	Bloodshot eyes, persistent cough or respiratory infection, increased appetite. Strong odor of burning rope or plant material, rolling papers, pipes, "roach clips", water pipers. Eye drops for clearing up bloodshot eyes.	Impaired concentration and short-term memory, uncontrollable laughter, apathy, sleepiness despite adequate rest.
Stimulants Amphetamines (speed, white cross, black beauties)	Dilated pupils, rapid breathing, decrease in appetite, weight loss, excessive talking, insomnia, hyperactivity.	Inexplicable mood swings (elation to depression), nervousness, auditory hallucinations and paranoid thinking after heavy use.
Cocaine (coke, toot, blow, nose, crack)	Nasal irritation, running or bleeding nose, dilated pupils, rapid respiration, hyperactivity. Razor blades, small mirrors, straws, screens for pulverizing cocaine crystals.	Rapid mood swings (elation to depression and back to elation within one hour), lack of money due to high cost of drug.
Depressants Alcohol Sedative- Hypnotics/ tranquilizers	Slurred speech, lack of coordination, shallow and slow breathing.	"Drunken" behavior, possibly including aggressiveness and belligerence, frequent auto accidents or other physical mishaps.
Narcotics Opiates and other prescription	Pinpoint pupils, shallow and slow breathing, sleepiness, needles, syringes	Euphoria, dreamy behavior.

painkillers, heroin, dilaudid, percodan and eye droppers if drug is administered by injection.

Hallucinogens	Dilated pupils, small squares of plastic or paper with imprinted designs, tattoos, small colored tablets.	Hallucinations, confusion, disorientation, panic reactions, inappropriate laughing or crying.
LSD and related substances (acid, blotter, window pane, microdot)		
Phencyclidine (PCP) (angel dust)	Increased blood pressure, lack of coordination, loss of sensitivity to pain, imprecise eye movements.	Withdrawal, confusion, disorientation, bizarre behavior, aggressiveness, hyperactivity alternation with stupor.
Inhalants	Nasal irritation, rapid or erratic pulse, lack of coordination, headache, rags saturated with substance in question. Plastic bags, possession of containers of solvents for no apparent reason.	Confusion, "drunken" behavior, hallucinations, aggressiveness, hyperactivity.
Airplane model glue, toluene, gasoline and other petroleum products, deodorants and other aerosols, typewriter fluid		

\* Many substances listed are available only in adulterated form through illegal channels. Up to 70% of drugs used by substance abusers are misrepresented in some way. Example: drugs sold as "speed" are represented as amphetamines, but often contain caffeine, phenylpropanolamine (PPA) or ephedrine.

\*\* Although these symptoms may be indicative of drug use, many of the physical and behavioral signs can be associated with physical or mental illness, adolescence or the aging process. Be careful and thorough in investigating drug abuse. Get professional help.

## APPENDIX B-DAAPP

### *Symptoms and Progression of Alcoholism*

Alcoholism is a chronic, progressive disease with predictable, identifiable symptoms which, if not treated, can be fatal. Here is a list of some primary symptoms of alcoholism, placed in the order in which they generally occur. One need not be experiencing all of these symptoms or in the order listed to be suffering from alcoholism:

Increase in Tolerance	Being able to out-drink your peers is not something to be proud of, but to be concerned about.
Preoccupation	Looking forward to drinking after work or on the weekend. Planning your social activities around alcohol.
Blackouts	Occasional memory lapses while drinking or an alcohol-induced state of amnesia.
Sneaking Drinks, Gulping Drinks	
Loss of Control	Unplanned drinking episodes or inability to realistically predict what will happen once you take the first drink.
Alibis	Having to explain why you drank or make excuses for your drinking.
Change in Drinking Patterns and Attempts to Control Promises and Resolutions Repeatedly Fail Family Problems, Financial Problems,	
Going on the Wagon	Some people quit drinking for a period of time in an attempt to control their drinking or prove to themselves that they are not physically addicted to alcohol, failing to realize that one need not drink every day in order to have a drinking problem.
Increasing Blackouts	
Geographic Escape	Changing jobs, moving to a different city or state to get a "new start."
Impaired Thinking, Loss of Job, Decrease in Tolerance, Drinking in the Morning	
Physical Deterioration	Liver, heart, stomach, brain damage.
Indefinable Fears	
Abandonment	"I don't care."

## APPENDIX C-DAAPP

### *Federal Penalties and Sanctions for Illegal Possession of a Controlled Substance*

Federal law penalizes the manufacture, distribution, possession with intent to manufacture or distribute, and simple possession of drugs/controlled substances.

Federal penalties and sanctions for the simple possession of a controlled substance are quite severe. The law sets forth sentences and fines that include the following:

- First conviction: up to one-year imprisonment, a fine of at least \$1,000, or both. After one prior drug conviction: at least 15 days in prison, not to exceed two years, and a fine of at least \$2,500. After two or more prior drug convictions: at least 90 days in prison, not to exceed three years, and a fine of at least \$5,000. A special, harsher sentencing provision applies for possession of flunitrazepam (Rohypnol). (21 U.S.C. §844(a)).
- Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance if that offense is punishable by more than one-year imprisonment, as well as forfeiture of vehicles, boats, aircraft, or any other conveyance used to transport or conceal a controlled substance. (21 U.S.C. §§853(a) & 881(a)).
- Denial of federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to five years for the first offense, up to 10 years for the second offense, and permanently upon the third offense. (21 U.S.C. §862).
- Ineligibility to receive or purchase a firearm. (18 U.S.C. §922(g)).

Moreover, revocation of certain federal licenses and benefits (e.g., pilot licenses, public housing tenancy) are vested within the authorities of individual federal agencies.

These penalties may be doubled when a person who is at least 18 years old: (1) distributes a controlled substance to a person under 21 years of age (a term of imprisonment for this offense shall not be less than one year), and/or (2) distributes, possesses with intent to distribute, or manufactures a controlled substance in or on, or within 1,000 feet of, the real property comprising a public or private elementary or secondary school, or a public or private college. (21 U.S.C. §§859 & 860).

Special sentencing provisions for possession of crack cocaine: Mandatory at least 5 years in prison, not to exceed 20 years and fined up to \$250,000, or both, if:

- 1st conviction and the amount of crack possessed exceeds 5 grams
- 2nd crack conviction and the amount of crack possessed exceeds 3 grams
- 3rd or subsequent crack conviction and the amount of crack possessed exceeds 1 gram.

## APPENDIX D-DAAPP

### *State Penalties and Sanctions for Unlawful Use of Alcohol*

The Commonwealth of Pennsylvania prohibits the service or consumption of alcohol to persons under 21 years of age.

All persons while in the Commonwealth of Pennsylvania are subject to the Pennsylvania Liquor and Penal Codes. They are as follows:

<u>ACTIVITY</u>	<u>PENALTY</u>
Misrepresentation of age to secure any alcohol, liquor, malt, or brewed beverage	Fine not to exceed \$500 and suspension of operating license
Individual less than twenty-one years of age who purchases, consumes, possesses, or transports any alcohol, liquor, malt, or brewed beverage.	Fine not to exceed \$500 and suspension of operating license
Misrepresenting to liquor dealers or others that another party who is a minor is of age.	Fine not less than \$300
Inducement of minors to buy alcohol, liquor, malt, or brewed beverages.	Fine not less than \$300
Selling or furnishing alcohol, liquor, malt, or brewed beverages to minors.	First violation fine not less than \$1,000, subsequent violation fine not less than \$2,500
Carrying a false ID card.	First offense is a summary offense and results in restriction of operating privileges; subsequent offense results in restriction of operating privileges and fine of \$300

The law provides for the restriction of operating a motor vehicle privilege (loss of driver's license). This penalty is applied in an escalating manner in each subsequent offense as outlined here.

**FIRST OFFENSE:** Loss of motor vehicle operating privileges for a period of 90 days from the date of suspension.

**SECOND OFFENSE:** Loss of motor vehicle operating privileges for a period of one year from the date of suspension.

**THIRD AND SUBSEQUENT OFFENSE:** Loss of motor vehicle operating privileges for a period of two years from the date of suspension.

Non-drivers shall be unable to secure an operator's license for the time periods related to the number of offenses.

## APPENDIX E

### *State Penalties and Sanctions for Drug Possession*

#### **Pennsylvania Marijuana Possession Penalties**

Possession of Marijuana (pot) Penalties in PA are as follows:

- For 30 grams or less, you are facing misdemeanor charges of up to 30 days in jail, and a fine of \$500.
- For possession of more than 30 grams, the penalties go up to 1 year in jail and \$5000 in fines. Automatic six month loss of license.
